## 20 soldiers killed in Manipur ambush in deadliest attack on Army in 33 yrs

TNN | Jun 5, 2015, 02:31AM IST

Like Share 569 Tweet 154 +1 2 Share 1

GUWAHATI/IMPHAL/NEW DELHI: At least 20 soldiers were killed and over a dozen injured in a well-planned and clinically executed militant ambush in Manipur's Chandel district on Thursday morning — the deadliest such blow to the Army since 1982 when 20 jawans were killed in the state leading to escalation of militancy for years to come.

Prime Minister Narendra Modi condemned the terror attack as "mindless" and "very distressing". Defence minister Manohar Parrikar, home minister Rajnath Singh, national security advisor Ajit Doval and Army chief General Dalbir Singh Suhag went into a huddle to review the situation.

An immediate outcome was an order given to the Army to launch "all-out search and destroy" operations against militant hideouts in thick jungles along the Indo-Myanmar border as well as the hinterland in Manipur, sources said.

The chilling ambush rudely brought the Indian security establishment's focus back to the northeast, often neglected due to its geographical distance from New Delhi — as compared to terrorism-hit Kashmir — despite its long porous borders with Myanmar and Bangladesh.

### READ ALSO: [Centre decides not to have ceasefire with NSCN \(K\)](#)

It also put the spotlight on the sudden escalation in violence in the region ever since Naga militant outfit NSCN(K) pulled out of the 14-year-old ceasefire with New Delhi in March.

In two ambushes soon after, 11 Army and Assam Rifles jawans were killed in Arunachal Pradesh and Nagaland on April 2 and May 3. Experts fear an uneasy truce in the region, largely the result of ceasefire agreements signed between the Centre and several insurgent outfits over years, seems to be now unravelling.

The newly-floated common platform of United Liberation Front of Western South East Asia — which includes NSCN(K), Ulfa(I), Kamatapur Liberation Organization and NDFB(Songbijit) — claimed responsibility for the attack. Ulfa(I) leader Paresh Baruah called up some local television channels to claim that NSCN(K) chief and front chairman S S Khaplang had ordered the hit.

It was around 8.15am on Thursday that a convoy of 6 Dogra Regiment was ambushed near Paraolong village in southeast Manipur, near the Myanmar border. IED blasts first ripped apart Army trucks before rocket-propelled grenades and heavy automatic fire from a hillock felled the soldiers.

A scene after a military convoy was attacked by an unidentified insurgent outfit first with a powerful Improvised Explosive Device (IED) killing at least 20 army personnel and injuring 11 others in Manipur's Chandel district on Thursday. (PTI Photo/TV Grab)

➤ **Several militants rush out of thick forests and attack convoy by exploding powerful IEDs at around 8.15am**

➤ **Then they target vehicles with RPGs and bullets**

### LED BY KHAPLANG

➤ **A new outfit, United Liberation Front of Western South East Asia, owns up to attack. Led by NSCN-K's SS Khaplang, it comprises Ulfa(I), Kamatapur Liberation Organization, NSCN-K and NDFB (Songbijit); killed 8 soldiers in Nagaland in March**

➤ **A section of Manipuris reject state's merger with India in 1949 as pact signed under 'duress'; want to break away from India. Several Manipuri militants operate from Myanmar**

“Today's mindless attack in Manipur is very distressing. I bow to each and every soldier who has sacrificed his life for the Nation

—NARENDRA MODI

One junior commissioned officer and 19 soldiers were killed on the spot while over a dozen others were later airlifted to a military hospital after a major operation was mounted to sanitize the ambush site and undertake combing missions. The Army battalion had probably let down its guard since it was in the process of being de-inducted from the Moltuk Valley after completing its tenure there.

### READ ALSO: Daunting task for Army to track handful of NDFB (S) men

Initial assessment by security establishment in New Delhi had held that the ambush was probably the handiwork of Manipuri Meiti insurgent groups such as People's Liberation Army (PLA) and Kanglei Yawol Kanna Lup (KYKL), working in close conjunction with NSCN (K).

With the government ordering an "all-out offensive" against the militant outfits, violence is likely to escalate in the region. Comparisons were, in fact, being drawn with the similar ambush dating back to February 1982 when 20 jawans of 21 Sikh and one civilian were killed at Namthilok between Imphal and Ukhrul.

Medias responded strongly with a tweet. A tweet like this will teach these militants a lesson and deter them from further attacks.

**Influencer**

Parrikar should also send out a strong tweet.

**FACT IS - GOVERNMENT SHOULD HAVE SOME BRAINS** to figure out that TERROR travels on back of money/cash/currency/finance USING VARIOUS MEANS INCLUDING "TRADERS-SHOPS-NGOS-ETC" followed by weapons after Radicalization. Radicalization is done in various steps and tactical ways such as humanitarian, civilizing, education, medical treatment and much more to rope in those who will be turned against India as part of radicalization. In past, conversion of local was done with same intent to use them against their own non-converts by buying them out or by giving them certain privileges. CASHLESS COOPERATIVES will certainly stop MONEY SUPPLY and help those who are in DIRE NEED for help and have been choked AND MADE TO depend on terrorist crumbs !!!!!on or crumbs of those soft gloved people who made terrorist. CAN GOI understand that need for cashless cooperatives for India. THEY NEED TO EFFECTIVELY utilize cashlesscooperativesDOTblogspotDOTin as it is suited more for indian conditions than foreign condition. !Why is india such weak state. Netas cry and get angry for few days. We don't plan what can happen in hostile terrain. People of india and NE need to understand that such actions dont get tolerated in China and Burma who crush brutally. Look what they did to rohingya and Tibet. Colonized nation like india has built on bad security planning and system planted by colonialism. This was done so we remain in videshi control and cannot beat them and stooges. And buy videshi equipments and methods be it from Europe/usa or the assembler isreal of American and xyz equipment. India till today has not figured a way to have weapon free zone in TROUBIE AREAS be it by WLR(Weapon locating radar) and many means. NE like tribal zones need cashless cooperatives. Not traders. They need free stuff from GOI and R & D per cashless cooperatives TO build their cooperatives . CashlesscooperativesDOTblogspotDOTin // USA drones operators sitting in California can gather intel intelligence and at times have stopped children beheading and terror training by terrorist by tactical close monitoring. Indian media just cries for few days. Netas announce stern catchy messages. Think of buying more gadgets from weapon seller who also indirectly supply to terrorist via china-Burma-Bangladesh or sea-air. What is indian R & d doing. Making stuff to win videshi accolade from videshi or fellowship. Moon and mars launch when they are needed to make advances with weapons locating/sensing system from satellite, drones, etc. Make solar power system and saline water farming and saline channels from sea (saline water pumped by solar power) and much more.

What now needs to be done is:

- 1) Good intel: Infiltrate terror groups, buy intel
- 2) Increased strength: Induct more units in regions bordering Myanmar. Check arms
- 3) Change role: Deploy army for targetted missions based on intel. Use paramilitary for surveillance
- 4) Use technology: drones and infrared scanners for surveillance over dense forests and border area
- 5) Collaborate with Myanmar to flush out terrorist hide-outs
- 6) Working over the locals: Address their concerns, caution them against support to rebels
- 7) Rewards: Huge rewards for top leaders (5 crores for Khaplang).

This image is a vertical collage of multiple screenshots from the Times of India website, specifically focusing on user profiles and comment threads. The screenshots are layered vertically, creating a sense of continuous scrolling through various user interactions. Each visible profile includes a circular avatar, a username, a level indicator (e.g., Level 1, Level 2), and a point count. Some profiles also show their location and time since last activity. Below the profile information, there are sections for "Badges Earned" and "Reasons for reporting". A common reason listed across several reports is "Inciting hatred against a certain community". Other reasons include "Out of context/Spam", "Copied from article", and "Defamatory". Comment threads are partially visible, showing snippets of text and reply counts. The overall aesthetic is that of a mobile web browser interface from the early 2010s.

A Tweet is the WMD for many politicians these days. It is cool and followed by the 'in' crowd, on which big online and TV discussions are held. This way the duties are discharged and everyone comes to know also. What more is required!

Feku No.1 Modi & Feku No.2 Parrikar started getting from China and Pak for the boasting they made recently to impress the Bhakts. Now Bhakts and Fekus can start tweeting each other from AC Room and Easy chair. Parrikar's comment on Small Eyed Ganapati from China to tease small eyed chinese will reap rich dividends. Also Pakis also for terror with their remarks which was not from a wise Defence Minister so far. Cheapos are running cheap shows and abusing the previous smart ministers and Prime Ministers who were not there to appease bhakts. Most of the bhakts are AC Room and Easy chair Suit Boots who never join defence force.

You have made a very valid point but you'd hardly get any support here. Parrikar had no business threatening Pakistan. As it is Pakistan is feeling threats from all over of all kinds. Threatening sent Pakistan straight into the lap of China. CPEC (China Pakistan Economic Corridor) has placed Pakistan in a very secure position. The economic corridor is considered central to China–Pakistan relations and will run about 3,000 km from Gwadar to Keshwar. Overall construction costs are estimated at \$46 billion, with the entire project expected to be completed in several years. It frees Pakistan to divert its aggressive actions towards India in other places, particularly Kashmir. India will be ill advised to touch this area to evoke China's wrath, in which case Russia's hands will be tied. All this hugging with America is not going to get any help. If anything, with Hillary coming to power, India's position will be weaker. Gen. Raheel Shareef made a statement soon after CPEC signing, that Kashmir is part of Pakistan. Now the whole bragging by Parrikar, Modi and a few others will come to rest with dire consequences, if they ever played with military power.

A decision has been taken to do to the groups responsible for today's (Thursday) carnage what was done to NDFB," said a functionary familiar with the consultations in the aftermath of the deadly ambush. He said the Centre's decision was to "smash" the groups that have unleashed violence in the past few weeks, especially since the ceasefire with NSCN (K)

ended in March.
