

Exponential rise in India's testing; Cumulative tests cross 15 Cr

1 crore Tests conducted in the last 10 days

Less than 40,000 Daily New Cases since the last 11 days continuously

For the last Five days, less than 500 daily deaths recorded

Posted On: 10 DEC 2020 10:35AM by PIB Delhi

India has crossed yet another landmark milestone in the fight against the global pandemic. The cumulative testing has crossed 15 Cr.

9,22,959 samples were tested in the last 24 hours which has increased India's total cumulative tests to **15,07,59,726**.

The past one crore tests were added in just 10 days. Comprehensive and widespread testing on a sustained basis has resulted in bringing down the positivity rate.

Total tests conducted cross the threshold of 15 cr

In another significant achievement, India has reported **less than 40,000 new daily cases for eleven continuous days**. In the last 24 hours, only **31,521** persons were found to be COVID positive in the country.

Decline in daily new cases continues

India also registered **37,725** new recoveries in the same duration which has led to a further contraction of the Active Caseload. India's present active caseload of **3,72,293** consists of just **3.81%** of India's Total Positive Cases.

Active cases continue to decline, now below 4 lakhs

The total recovered cases have surpassed **92.5 lakh (92,53,306)** today. The Recovery Rate has improved to **94.74%**. The gap between Recovered cases and Active cases is steadily increasing and presently stands at **8,881,013**.

77.30% of the new recovered cases is contributed by ten States/UTs.

Maharashtra saw 5,051 persons recovering from COVID. Kerala and Delhi reported 4,647 and 4,177 new recoveries, respectively.

77% of new recovered cases in the 10 States & UTs

Ten States/UTs have contributed **74.65%** of the new cases.

Maharashtra reported 4,981 cases in the last 24 hours. Kerala recorded 4,875 new cases while West Bengal reported 2,956 daily cases yesterday.

75% of new cases in the 10 States & UTs

77.67% of the **412** case fatalities that have been reported in the past 24 hours are from Ten States/UTs.

18.20% of new fatalities reported are from Maharashtra which reported 75 deaths. Delhi also saw a figure fatality count of 50 contributing **another 12.13%** of the fatalities.

78% of new deaths in the 10 States & UTs

Deaths in last 24 hours

The daily new deaths have been less than 500 from the last five days.

Steady decline in the number of daily deaths
