22 States/UTs have cases Fatality Rate less than the National Average

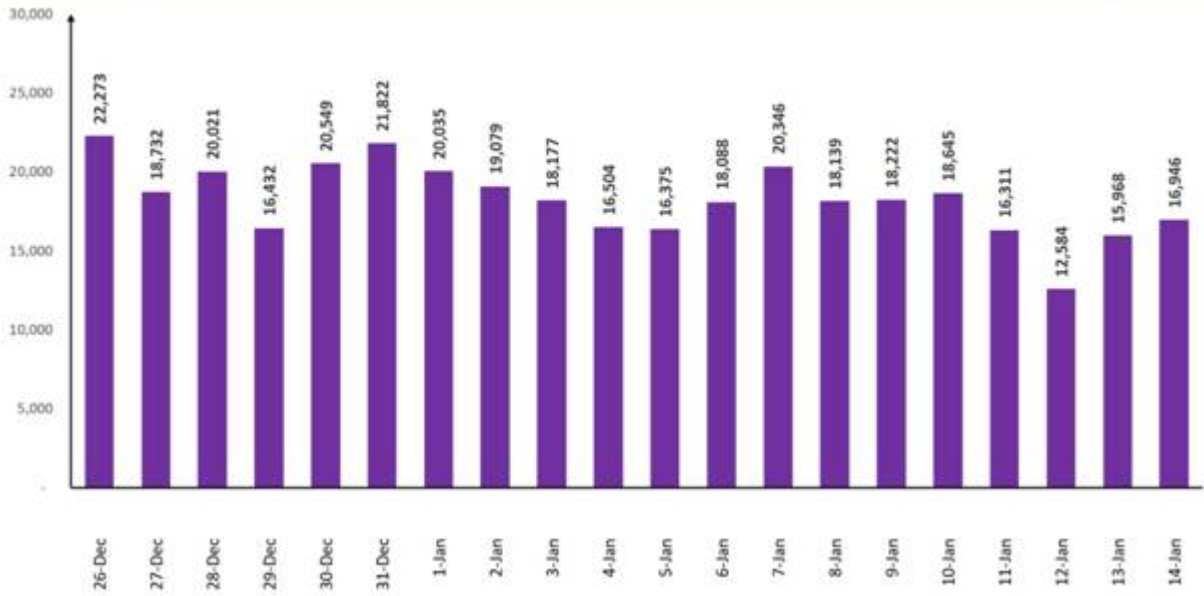

Initial procurement amount of 1.65 crore doses of Covishield and Covaxin vaccines allocated to all States/UTs

Posted On: 14 JAN 2021 10:44AM by PIB Delhi

The ongoing trend of contraction of India's daily new cases continues. India has recorded **less than 20,000 daily new cases since the last 7 days.**

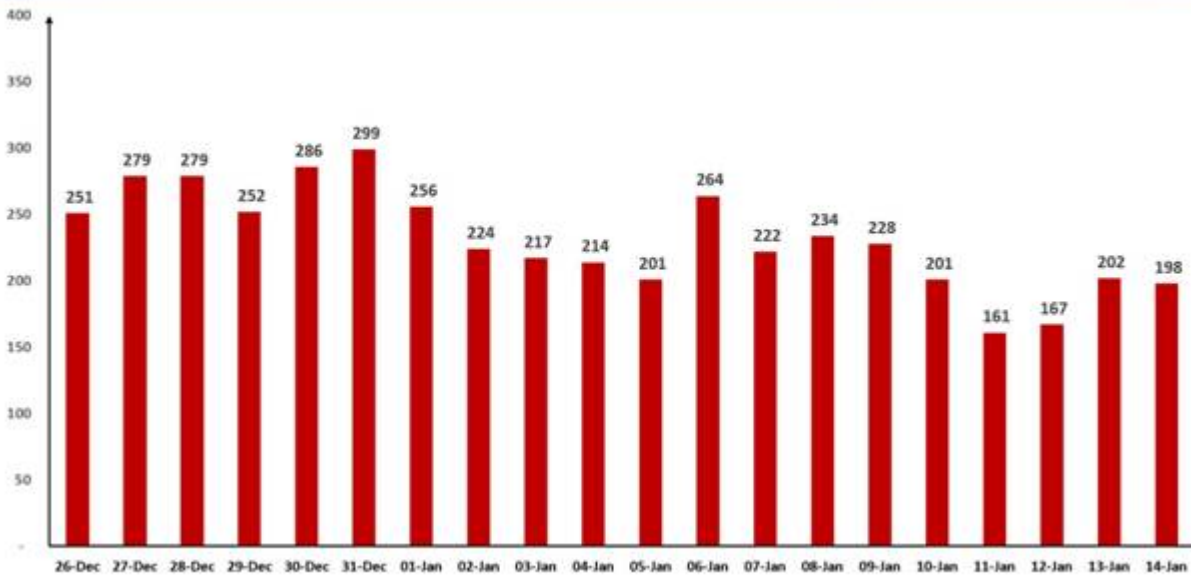

In the last 24 hours, only **16,946** persons were found to be infected with COVID in India. In the same period, India also registered **17,652** new recoveries ensuring a net decline of **904** cases in the Active Caseload.

Daily new cases less than 20,000 for last 7 days

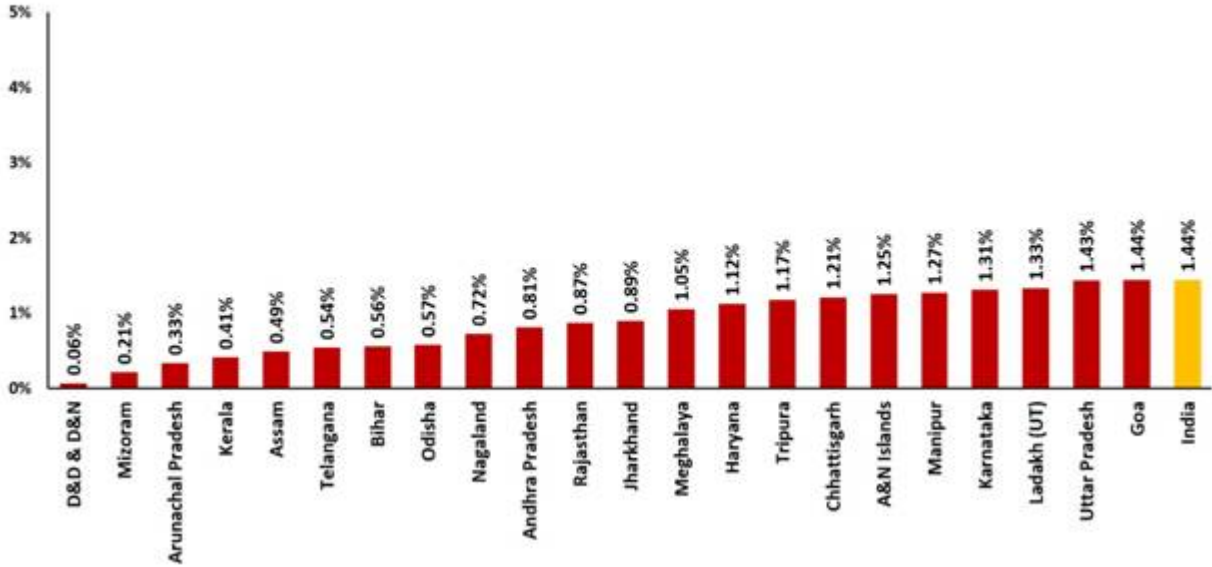

Daily deaths in India are on a sustained decline. **Less than 300 daily deaths** have been registered for the **last 20 days**.

Daily deaths less than 300 for last 20 days consecutively

India's Case Fatality Rate stands at **1.44%** today. **22 States/UTs** have cases Fatality Rate less than the **National Average**.

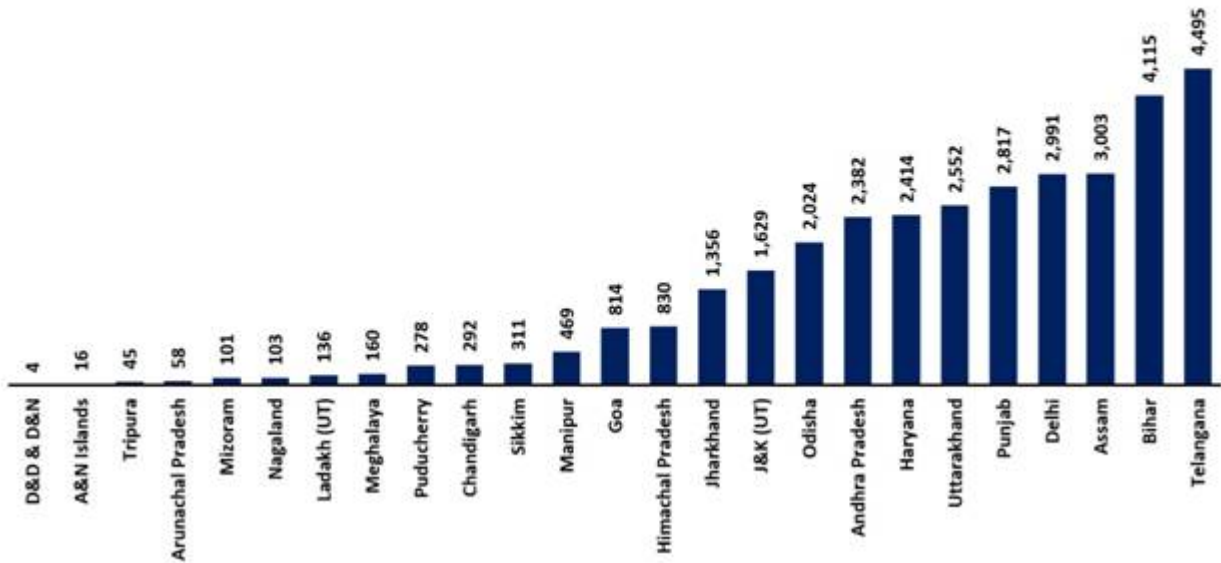

22 States & UTs have case fatality rate less than national average

The active caseload of the country stands at **2,13,603**. The share of Active Cases in the total Positive Cases has further shrunk to **2.03%**.

25 States/UTs have less than 5,000 Active Cases.

25 States & UTs have less than 5,000 active cases

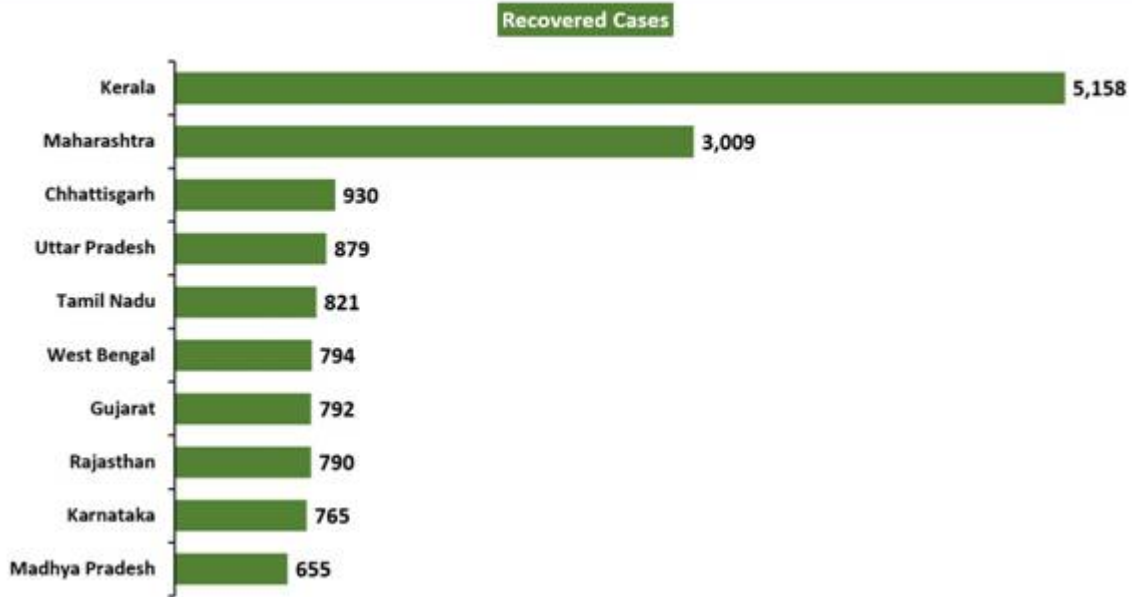

India's Total Recoveries stand at **10,146,763** today. The Recovery Rate has also increased to **96.52%**.

82.67% of the new recovered cases are observed to be concentrated in 10 States/UTs.

Kerala has reported the maximum number of single day recoveries with 5,158 newly recovered cases. 3,009 people recovered in Maharashtra in the past 24 hours followed by 930 in Chhattisgarh.

83% of new recovered cases in the 10 States & UTs

76.45% of the new cases are from Seven States and UTs.

Kerala continues to report the highest daily new cases at 6,004. It is followed by Maharashtra and Karnataka with 3,556 and 746 new cases, respectively.

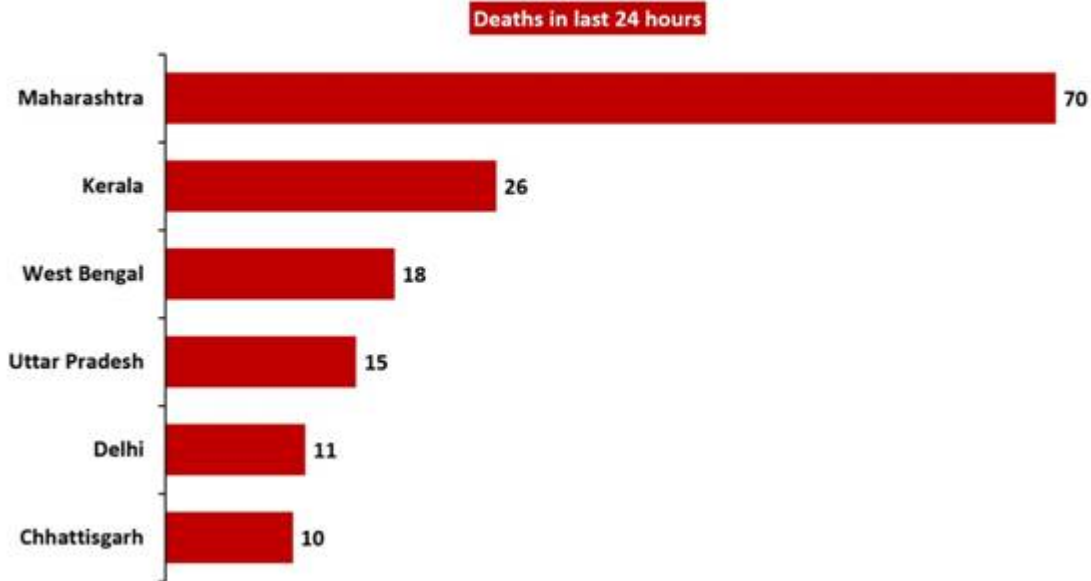

76% of new cases in the 7 States & UTs

198 case fatalities have been reported in the past 24 hours.

Six States/UTs account for 75.76% of new deaths. Maharashtra saw the maximum casualties (70). Kerala and West Bengal follow with 26 and 18 daily deaths, respectively.

76% of new deaths in the 6 States & UTs

The country is geared up for the massive COVID-19 vaccination drive beginning from 16th January 2021.

The full initial procurement amount of 1.65 crore doses of Covishield and Covaxin vaccines against Covid-19 have been allocated to all States/UTs in the proportion of Health Care Workers database. Therefore, there is no question of discrimination against any State in allocation of vaccination doses. This is the initial lot of supply of vaccine doses and would be continuously replenished in the weeks to come. Therefore, any apprehension being expressed on account of deficient supply is totally baseless and unfounded.

States have been advised to organize vaccination sessions taking into account 10% reserve/wastage doses and average of 100 vaccinations per session per day. Therefore, any undue haste on the parts of the States to organize unreasonable numbers of vaccination per site per day is not advised.

The States and UTs have also been advised to increase the number of vaccination session sites that would be operational every day in a progressive manner as the vaccination process stabilizes and moves forward.
