

India registers unprecedented record in testing with more than 20 cr tests

Active Caseload drops under 1.5 lakh- the lowest in 8 months

Total number of vaccinated beneficiaries more than 54 lakhs

India is the fastest country to reach 5 million mark in COVID19 vaccination in 21 days

Posted On: 06 FEB 2021 12:04PM by PIB Delhi

India has registered an unprecedented record in the number of COVID-19 cumulative tests. It has crossed the landmark of **20 crore (20,06,72,589)** total tests today. **7,40,794** tests were conducted in the last 24 hours.

Progressive countrywide expansion in testing infrastructure has played a crucial role in the steep rise of testing numbers. With **2369** testing labs in the country including **1,214** Government laboratories and **1,155** Private laboratories, the daily testing capacity has got a substantial boost.

The cumulative positivity rate is also declining and presently pegged at **5.39%**.

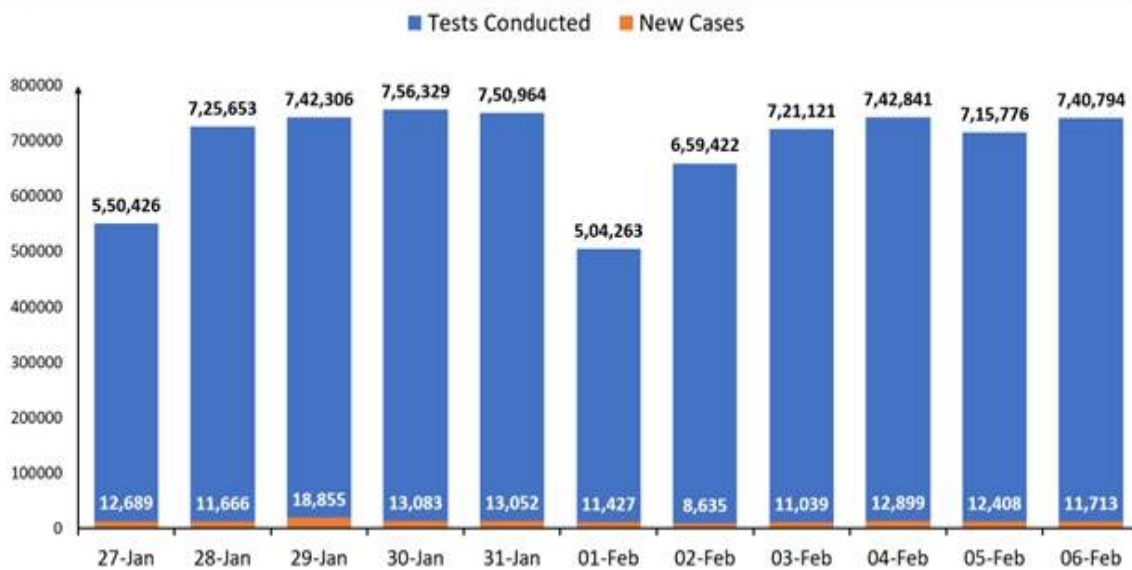

## Tests conducted cross 20 crore & cumulative positivity rate at 5.39%

High level of comprehensive testing on a sustained basis has also resulted in bringing down the national positivity rate.

The higher daily testing combined with low daily cases have resulted in low positivity rate.

## Daily new cases remain below 20K as 700K tests conducted daily

India's total Active Caseload continues to follow a consistent downward slope. It has dropped to less than **1.5 lakh (1,48,590)** today and is the lowest in 8 months.

The present active caseload now consists of just **1.37%** of India's total Positive Cases.

## Active cases continue to decline, now less than 1.50 lakhs

The country has seen less than 100 fatalities (95) in the last 24 hours.

## Daily deaths less than 100 in last 24 hrs

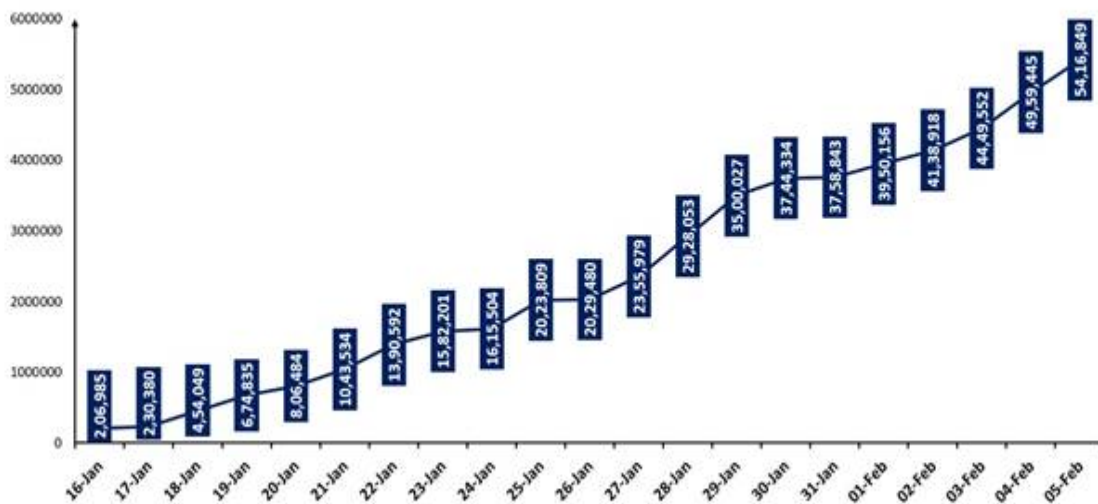

As on 06<sup>th</sup> February, 2021, till 08:00 AM, total number of vaccinated beneficiaries surpassed **54 lakhs (54,16,849)** under the countrywide COVID19 vaccination exercise.

## India Covid-19 Vaccination: Progress so far

India is the fastest country to **reach the 5 million mark in COVID19 vaccination**. This feat was achieved in **merely 21 days**. Several other countries have had a head start of more than 60 days in the COVID19 vaccination exercise.

## Global Comparison: Fastest to reach 5 million vaccinations

Source: Our World in Data and multiple news articles

In the last 24 hours, **4,57,404** people were vaccinated across 10,502 sessions. 1,06,303 sessions have been conducted so far. It includes 3,01,537 healthcare workers and 1,55,867 frontline workers.

India has also recorded a downfall in the daily new cases and an increase in recovered number of people. The Recovery Rate has reached nearly **97.19%**. Total **1,05,10,796** people have recovered. 14,488 patients have recovered and discharged in the last 24 hours.

## India Trajectory: Daily new cases and recovered cases

**82.07%** of the new recovered cases are observed to be concentrated in 6 States/UTs.

Kerala has reported the maximum number of single day recoveries with 6,653 newly recovered cases. 3,573 people recovered in Maharashtra in the past 24 hours followed by 506 in Tamil Nadu.

## 82% of new recovered cases in 6 States & UTs

**83.3% of the new cases** are from 6 States and UTs.

Kerala continues to report the highest daily new cases at 5,610. It is followed by Maharashtra with 2,628, while Tamil Nadu reported 489 new cases.

## 83% of new cases in 6 States & UTs

Six States/UTs account for **81.05%** of the new deaths. Maharashtra saw the maximum casualties (40). Kerala follows with 19 daily deaths and Chhattisgarh with 8. Only two states have registered a double digit daily casualty count.

## 81% of new deaths in 6 States & UTs

Deaths in last 24 hours
