COVID-19 Update**India's Cumulative COVID-19 Vaccination Coverage exceeds 104.82 Cr****More than 74 Lakh doses administered in last 24 hours****Recovery Rate currently at 98.19%****14,348 New Cases reported in the last 24 hours****India's Active Caseload stands at 1,61,334****Weekly Positivity Rate (1.18%) less than 2% for last 35 days**

With the administration of **74,33,392** vaccine doses in the last 24 hours, India's COVID-19 vaccination coverage has exceeded **104.82 Cr (1,04,82,00,966)** as per provisional reports till 7 am today. This has been achieved through 1,04,57,932 sessions.

The break-up of the cumulative figure as per the provisional report till 7 am today include:

HCWs	1 st Dose	1,03,78,753
	2 nd Dose	91,96,000
FLWs	1 st Dose	1,83,71,035
	2 nd Dose	1,58,60,088
Age Group 18-44 years	1 st Dose	41,47,31,641
	2 nd Dose	13,64,95,078
Age Group 45-59 years	1 st Dose	17,38,19,237
	2 nd Dose	9,45,21,155
Over 60 years	1 st Dose	10,91,45,076
	2 nd Dose	6,56,82,903

Total**1,04,82,00,966**

The recovery of **13,198** patients in the last 24 hours has increased the cumulative tally of recovered patients (since the beginning of the pandemic) to **3,36,27,632**.

Consequently, India's recovery rate stands at **98.19%**

Sustained and collaborative efforts by the Centre and the States/UTs continue the trend of less than 50,000 Daily New Cases that is being reported for 124 consecutive days now.

14,348 new cases were reported in the last 24 hours

The Active Caseload is presently at **1,61,334**. Active cases presently constitute **0.47%** of the country's total Positive Cases, which is **lowest since March 2020**.

The testing capacity across the country continues to be expanded. The last 24 hours saw a total of 12,84,552 tests being conducted. India has so far conducted over **60.58 Cr (60,58,85,769)** cumulative tests.

While testing capacity has been enhanced across the country, **Weekly Positivity Rate at 1.18% remains less than 2% for the last 35 days now**. The **Daily Positivity rate reported to be 1.12%**. The daily Positivity rate has remained below 2% for last 25 days and below 3% for 60 consecutive days now.

Update on COVID-19 Vaccine Availability in States/UTs

More than 109.63Crore vaccine doses provided to States/UTs

More than 12.31 Crore balance and unutilized vaccine doses still available with States/UTs

The Union Government is committed to accelerating the pace and expanding the scope of COVID-19 vaccination throughout the country. The new phase of universalization of COVID-19 vaccination commenced from 21st June 2021. The vaccination drive has been ramped up through availability of more vaccines, advance visibility of vaccine availability to States and UTs for enabling better planning by them, and streamlining the vaccine supply chain.

As part of the nationwide vaccination drive, Government of India has been supporting the States and UTs by providing them COVID Vaccines free of cost. In the new phase of the universalization of the COVID19 vaccination drive, the Union Government will procure and supply (free of cost) 75% of the vaccines being produced by the vaccine manufacturers in the country to States and UTs.

VACCINE DOSES	(As on 29 th October 2021)
SUPPLIED	1,09,63,11,615
BALANCE AVAILABLE	12,31,53,481

More than **109.63 crore (1,09,63,11,615)** vaccine doses have been provided to States/UTs so far through Govt of India (free of cost channel) and through direct state procurement category.

More than **12.31Cr (12,31,53,481)** balance and unutilized COVID Vaccine doses are still available with the States/UTs to be administered.

COVID-19 Update

India's Cumulative COVID-19 Vaccination Coverage exceeds 104.04 Cr

Recovery Rate currently at 98.20%; Highest since March 2020

16,156 New Cases reported in the last 24 hours

India's Active Caseload (1,60,989) is lowest in 243 days

Weekly Positivity Rate (1.19%) less than 2% for last 34 days

With the administration of **49,09,254** vaccine doses in the last 24 hours, India's COVID-19 vaccination coverage has exceeded **104.04 Cr (1,04,04,99,873)** as per provisional reports till 7 am today. This has been achieved through 1,03,62,667 sessions.

The break-up of the cumulative figure as per the provisional report till 7 am today include:

HCWs	1 st Dose	1,03,78,578
	2 nd Dose	91,82,272
FLWs	1 st Dose	1,83,70,444
	2 nd Dose	1,58,24,383

Age Group 18-44 years	1 st Dose	41,26,09,938
	2 nd Dose	13,34,07,626
Age Group 45-59 years	1 st Dose	17,33,06,910
	2 nd Dose	9,35,00,396
Over 60 years	1 st Dose	10,88,31,281
	2 nd Dose	6,50,88,045
Total		1,04,04,99,873

The recovery of **17,095** patients in the last 24 hours has increased the cumulative tally of recovered patients (since the beginning of the pandemic) to **3,36,14,434**.

Consequently, India's recovery rate stands at **98.20%**. Recovery Rate is currently at its highest peak since March 2020.

Sustained and collaborative efforts by the Centre and the States/UTs continue the trend of less than 50,000 Daily New Cases that is being reported for 123 consecutive days now.

16,156 new cases were reported in the last 24 hours.

16K New Cases reported in last 24 hrs

The Active Caseload is presently at **1,60,989** which is lowest in 243 days. Active cases presently constitute **0.47%** of the country's total Positive Cases, which is lowest since March 2020.

India's Active cases Trajectory

The testing capacity across the country continues to be expanded. The last 24 hours saw a total of 12,90,900 tests being conducted. India has so far conducted over **60.44 Cr (60,44,98,405)** cumulative tests.

While testing capacity has been enhanced across the country, **Weekly Positivity Rate at 1.19% remains less than 2% for the last 34 days now.** The **Daily Positivity rate reported to be 1.25%.** The daily Positivity rate has remained below 2% for last 24 days and below 3% for 59 consecutive days now.

The break-up of the cumulative figure as per the provisional report till 7 am today include:

HCWs	1 st Dose	1,03,78,376
	2 nd Dose	91,61,406
FLWs	1 st Dose	1,83,69,785
	2 nd Dose	1,57,60,430
Age Group 18-44 years	1 st Dose	40,94,98,214
	2 nd Dose	12,88,99,829
Age Group 45-59 years	1 st Dose	17,25,40,509
	2 nd Dose	9,20,43,343
Over 60 years	1 st Dose	10,83,99,191
	2 nd Dose	6,43,50,036
Total		1,02,94,01,119

The recovery of **15,951** patients in the last 24 hours has increased the cumulative tally of recovered patients (since the beginning of the pandemic) to **3,35,83,318**.

Consequently, India's recovery rate stands at **98.19%**. Recovery Rate is currently at its highest peak since March 2020.

Sustained and collaborative efforts by the Centre and the States/UTs continue the trend of less than 50,000 Daily New Cases that is being reported for 121 consecutive days now.

12,428 new cases were reported in the last 24 hours. This is the lowest in 238 days

The Active Caseload remains below 2 lakh mark and is presently at **1,63,816** which is lowest in **241 days**. Active cases presently constitute **0.48%** of the country's total Positive Cases, which is lowest since **March 2020**.

The testing capacity across the country continues to be expanded. The last 24 hours saw a total of 11,31,826 tests being conducted. India has so far conducted over **60.19 Cr (60, 19,01,543)** cumulative tests.

While testing capacity has been enhanced across the country, **Weekly Positivity Rate at 1.24% remains less than 2% for the last 32 days now**. The **Daily Positivity rate reported to be 1.10%**. The daily Positivity rate has remained below 2% for last 22 days and below 3% for 57 consecutive days now.

Update on COVID-19 Vaccine Availability in States/UTs

More than 107.22Crore vaccine doses provided to States/UTs

More than 12.37 Crore balance and unutilized vaccine doses still available with States/UTs

The Union Government is committed to accelerating the pace and expanding the scope of COVID-19 vaccination throughout the country. The new phase of universalization of COVID-19 vaccination commenced from 21st June 2021. The vaccination drive has been ramped up through availability of more vaccines, advance visibility of vaccine availability to States and UTs for enabling better planning by them, and streamlining the vaccine supply chain.

As part of the nationwide vaccination drive, Government of India has been supporting the States and UTs by providing them COVID Vaccines free of cost. In the new phase of the universalization of the COVID19 vaccination drive, the Union Government will procure and supply (free of cost) 75% of the vaccines being produced by the vaccinemanufacturers in the country to States and UTs.

VACCINE DOSES	(As on 16 th October 2021)
SUPPLIED	1,07,22,96,865
BALANCE AVAILABLE	12,37,18,504

More than **107.22crore(1,07,22,96,865)** vaccine doses have been provided to States/UTs so far through Govt of India (free of cost channel) and through direct state procurement category.

More than**12.37Cr (12,37,18,504)**balance and unutilized COVID Vaccine doses are still available with the States/UTs to be administered.

JNPT Initiates Free COVID-19 Vaccination Drive for Truck Drivers at Centralized Parking Plaza as part of ‘Azadi ka Amrit Mahotsav’

Commenting on the launch of the free COVID-19 vaccination drive, Shri Sanjay Sethi, Chairman, JNPT, said, “Truck drivers have been an integral part of the maritime supply chain. Throughout the pandemic, JNPT has undertaken several measures to combat COVID-19 from the frontline, ensuring a robust EXIM trade by extending support to every element of the supply chain. This vaccination drive for truck

drivers is one such important initiative under that. Besides this our tech-enabled Centralized Parking Plaza (CPP), equipped with a dormitory, canteen, hygienic toilets, vehicle repairs, and maintenance amenities, is dedicated to extending every possible assistance to truck drivers.”

The vaccination drive initiated by the JNPT Hospital earlier this year continues to gain momentum. Through this immunization drive, the JNPT Hospital has administered over 20,000 COVID-19 vaccines. Furthermore, JNPT’s Dedicated COVID-19 Health Center (DCHC) achieved a new milestone by recording “Zero COVID Patients”. Moreover, the Port continues to fast-track clearances for critical medical cargo essential for treating COVID-19.

COVID-19 Update

India's Cumulative COVID-19 Vaccination Coverage exceeds 101.30 Cr

More than 68 Lakh doses administered in last 24 hours

Recovery Rate currently at 98.16%; Highest since March 2020

16,326 New Cases reported in the last 24 hours

India's Active Caseload (1,73,728) is lowest in 233 days

Weekly Positivity Rate (1.24%) less than 2% for last 29 days

With the administration of **68,48,417** vaccine doses in the last 24 hours, India's COVID-19 vaccination coverage has surpassed 100 Cr mark to reach **101.30 Cr (1,01,30,28,411)** as per provisional reports till 7 am today. This has been achieved through 1,00,29,602 sessions.

The break-up of the cumulative figure as per the provisional report till 7 am today include:

HCWs	1 st Dose	1,03,78,004
	2 nd Dose	91,32,055
FLWs	1 st Dose	1,83,69,012
	2 nd Dose	1,56,73,375
Age Group 18-44 years	1 st Dose	40,43,88,714
	2 nd Dose	12,26,54,329
Age Group 45-59 years	1 st Dose	17,12,42,361
	2 nd Dose	8,99,14,788
Over 60 years	1 st Dose	10,77,01,034
	2 nd Dose	6,32,40,508
Total		1,01,30,28,411

The recovery of **17,677** patients in the last 24 hours has increased the cumulative tally of recovered patients (since the beginning of the pandemic) to **3,35,32,126**.

Consequently, India's recovery rate stands at **98.16%**. Recovery Rate is currently at its highest peak since March 2020.

Sustained and collaborative efforts by the Centre and the States/UTs continue the trend of less than 50,000 Daily New Cases that is being reported for 118 consecutive days now.

16,326 new cases were reported in the last 24 hours.

The Active Caseload remains below 2 lakh mark and is presently at **1,73,728** which is **lowest in 233 days**. Active cases presently constitute **0.51%** of the country's total Positive Cases, which is **lowest since March 2020**.

The testing capacity across the country continues to be expanded. The last 24 hours saw a total of 13,64,681 tests being conducted. India has so far conducted over **59.84 Cr (59,84,31,162)** cumulative tests.

While testing capacity has been enhanced across the country, **Weekly Positivity Rate at 1.24% remains less than 2% for the last 29 days now.** The **Daily Positivity rate reported to be 1.20%.** The daily Positivity rate has remained below 2% for last 19 days and below 3% for 54 consecutive days now.

PM interacts with domestic vaccine manufacturers

PM praises the efforts of the vaccine manufacturers which has resulted in India crossing the 100 crore vaccination milestone

PM exhorts that the country needs to institutionalise the best practises learnt during the last one and a half years

Vaccine manufacturers praise the vision and dynamic leadership of PM; applaud the never before seen collaboration between govt & industry

Prime Minister Shri Narendra Modi interacted with the domestic vaccine manufacturers at Lok Kalyan Marg today.

Prime Minister praised the efforts of the vaccine manufacturers, which has resulted in the country crossing the milestone of 100 crore vaccinations, and said that they have played a big role in the success story of India. He appreciated their hard work and confidence given by them during the pandemic.

Prime Minister exhorted that the country needs to institutionalise the best practises learnt during the last one and a half years, and said that this is an opportunity to modify our practises, in tune with the global standards. He said that the entire world is looking up to India, in the backdrop of the success of the vaccination drive. He also said that the vaccine manufacturers should continuously work together to be ready to face future challenges.

Centre Reviews Status and Progress of COVID Vaccination with States/UTs

States/UTs urged to increase Pace and Coverage of Second Dose

States to generate district wise list of beneficiaries for administration of second dose

Advised to draw District-wise Plan involving District Magistrates for saturation of beneficiaries

Shri Rajesh Bhushan, Union Health Secretary reviewed the progress of COVID19 vaccination with Health Secretaries and Mission Directors of National Health Mission (NHM) of States and UTs, through video conference (VC) today. The focus of the meeting was to urge the states and UTs to increase the pace of the countrywide vaccination and coverage of the second dose. This comes in the backdrop of the country achieving the milestone of administering 100 crore doses on 21st October 2021.

Highlighting the sizeable number of eligible beneficiaries who have not received their 2nd dose of vaccine, the Union Health Secretary urged the States and UTs to focus on those beneficiaries who are waiting for their second dose after their interval period has been over.

COVID-19 Update

India achieves the major milestone of 'one billion' vaccinations

Recovery Rate currently at 98.15%; Highest since March 2020

18,454 New Cases reported in the last 24 hours

India's Active Caseload stands at 1,78,831

Weekly Positivity Rate (1.34%) less than 3% for last 118 days

In a historic achievement, the cumulative COVID-19 vaccine doses administered in the country has surpassed the 100-crore milestone. In a tweet, Prime Minister Shri Narendra Modi congratulated the countrymen and expressed gratitude to the country's scientific community and health professionals for working towards achieving this stupendous feat.

India scripts history.

We are witnessing the triumph of Indian science, enterprise and collective spirit of 130 crore Indians.

Congrats India on crossing 100 crore vaccinations. Gratitude to our doctors, nurses and all those who worked to achieve this feat. #VaccineCentury

— Narendra Modi (@narendramodi) October 21, 2021

The Union Health Minister Dr. Mansukh Mandaviya also congratulated the country on achieving this landmark.

बधाई हो भारत!

दूरदर्शी प्रधानमंत्री श्री @NarendraModi जी के समर्थ नेतृत्व का यह प्रतिफल है।

PM expresses gratitude to doctors and nurses on crossing 100 crore vaccinations

The Prime Minister, Shri Narendra Modi has expressed gratitude to doctors, nurses and all those who worked on crossing 100 crore vaccinations.

In a tweet, the Prime Minister said;

"India scripts history.

We are witnessing the triumph of Indian science, enterprise and collective spirit of 130 crore Indians.

Congrats India on crossing 100 crore vaccinations. Gratitude to our doctors, nurses and all those who worked to achieve this feat. #VaccineCentury"

India scripts history.

COVID-19 Update

India's Cumulative COVID-19 Vaccination Coverage exceeds 99.12 Cr
Recovery Rate currently at 98.15%; Highest since March 2020
14,623 New Cases reported in the last 24 hours
India's Active Caseload (1,78,098) is lowest in 229 days
Weekly Positivity Rate (1.34%) less than 3% for last 117 days

With the administration of **41,36,142** vaccine doses in the last 24 hours, India's COVID-19 vaccination coverage has exceeded **99.12 Cr (99,12,82,283)** as per provisional reports till 7 am today. This has been achieved through 97,99,506 sessions.

The break-up of the cumulative figure as per the provisional report till 7 am today include:

HCWs	1 st Dose	1,03,76,101
	2 nd Dose	90,98,715
FLWs	1 st Dose	1,83,62,683
	2 nd Dose	1,55,81,720
Age Group 18-44 years	1 st Dose	39,73,05,720
	2 nd Dose	11,57,29,771
Age Group 45-59 years	1 st Dose	16,88,22,731
	2 nd Dose	8,76,73,217
Over 60 years	1 st Dose	10,62,77,396
	2 nd Dose	6,20,54,229
Total		99,12,82,283

The recovery of **19,446** patients in the last 24 hours has increased the cumulative tally of recovered patients (since the beginning of the pandemic) to **3,34,78,247**.

Consequently, India's recovery rate stands at **98.15%**. Recovery Rate is currently at its highest peak since March 2020.

Sustained and collaborative efforts by the Centre and the States/UTs continue the trend of less than 50,000 Daily New Cases that is being reported for 115 consecutive days now .

14,623 new cases were reported in the last 24 hours

The Active Caseload has fallen below 2 lakh mark and is presently at **1,78,098**, which is now **lowest in 229 days**. Active cases presently constitute **0.52%** of the country's total Positive Cases.

The testing capacity across the country continues to be expanded. The last 24 hours saw a total of 13,23,702 tests being conducted. India has so far conducted over **59.44 Cr (59,44,29,890)** cumulative tests.

While testing capacity has been enhanced across the country, **Weekly Positivity Rate at 1.34% remains less than 3% for the last 117 days now**. The **Daily Positivity rate reported to be 1.10%**. The daily Positivity rate has remained below 3% for last 51 days and below 5% for 134 consecutive days now.

Health Ministry Reviews Status and Progress of COVID Vaccination with States/UTs

States/UTs urged to focus on second dose coverage of vaccination in light of adequate availability of doses

Suggestions solicited from States/UTs in formulating new guidelines for International Travel

Shri Rajesh Bhushan, Union Health Secretary reviewed the progress of COVID19 vaccination with Health Secretaries and NHM MDs of States and UTs, through video conference (VC) yesterday. One of the largest such exercises globally, the countrywide COVID19 vaccination programme was launched on 16th January 2021 by Hon. Prime Minister, Shri Narendra Modi.

Highlighting that the nation is close to administering a billion doses, Health Secretary congratulated the States/UTs on their effort to vaccinate all citizens. It was highlighted that a sizeable number of beneficiaries who are eligible have not received their 2nd dose. States and UTs were urged to focus on these second vaccination dose.

It was pointed out that many States have adequate doses to vaccinate those people who are awaiting their 2nd dose. Government of India is in a position to provide additional vaccine doses to the States/UTs so that they can complete the aforesaid task. They were also exhorted to improve the momentum and accelerate the vaccination drive.

States and UTs were advised to identify and prioritize districts having low coverage for focused action and explore requirement for mobilization efforts, addressing local challenges, need for additional Covid Vaccination Centres and improving access in rural areas. They were also requested to share their strategies to enhance second dose coverage.

The Health Ministry has issued various SOPs over the last one year for International Travel. It is in the process of reviewing the guidelines in consultation with all stakeholders including the Ministry of Home Affairs, Bureau of Immigration, Ministry of Civil Aviation and the Ministry of External Affairs. States/UTs were also requested to share their suggestion or feedback.

Dr. Manohar Agnani, AS (Health), MoHFW and Shri Lav Agarwal, JS (Health), MoHFW, were present in the meeting along with Principal Secretary (Health), Additional Chief Secretary (Health) and State Surveillance Officer of the concerned states/UTs

Update on COVID-19 Vaccine Availability in States/UTs

More than 102 Crore vaccine doses provided to States/UTs

More than 10.72 Crore balance and unutilized vaccine doses still available with States/UTs

The Union Government is committed to accelerating the pace and expanding the scope of COVID-19 vaccination throughout the country. The new phase of universalization of COVID-19 vaccination commenced from 21st June 2021. The vaccination drive has been ramped up through availability of more vaccines, advance visibility of vaccine availability to States and UTs for enabling better planning by them, and streamlining the vaccine supply chain.

As part of the nationwide vaccination drive, Government of India has been supporting the States and UTs by providing them COVID Vaccines free of cost. In the new phase of the universalization of the COVID19 vaccination drive, the Union Government will procure and supply (free of cost) 75% of the vaccines being produced by the vaccine manufacturers in the country to States and UTs

VACCINE DOSES	(As on 16 th October 2021)
SUPPLIED	1,02,05,09,915
BALANCE AVAILABLE	10,72,90,010

More than **102 crore (1,02,05,09,915)** vaccine doses have been provided to States/UTs so far through Govt of India (free of cost channel) and through direct state procurement category.

More than **10.72 Cr (10,72,90,010)** balance and unutilized COVID Vaccine doses are still available with the States/UTs to be administered

PM congratulates people of Devbhoomi for 100% first dose of Covid vaccination

The Prime Minister, Shri Narendra Modi has congratulated the people of Devbhoomi for 100% first dose of Covid 19 vaccination for 18+ age group people. The Prime Minister has also said that this achievement of Uttarakhand is very important in the country's fight against Covid 19.

In response to a tweet by the Chief Minister of Uttarakhand, Shri Pushkar Singh Dhami, the Prime Minister said;

"देवभूमि के लोगों को बहुत-बहुत बधाई। कोविड के खिलाफ देश की लड़ाई में उत्तराखंड की यह उपलब्धि अत्यंत महत्वपूर्ण है। मुझे विश्वास है कि वैश्विक महामारी से लड़ने में हमारा वैक्सीनेशन अभियान सबसे अधिक प्रभावी साबित होने वाला है और इसमें जन-जन की भागीदारी अहम है।"

देवभूमि के लोगों को बहुत-बहुत बधाई। कोविड के खिलाफ देश की लड़ाई में उत्तराखंड की यह उपलब्धि अत्यंत महत्वपूर्ण है। मुझे विश्वास है कि वैश्विक महामारी से लड़ने में हमारा वैक्सीनेशन अभियान सबसे अधिक प्रभावी साबित होने वाला है और इसमें जन-जन की भागीदारी अहम है।

PRESS INFORMATION BUREAU

MINISTRY OF INFORMATION & BROADCASTING

GOVERNMENT OF INDIA

COVID-19 Update

India's Cumulative COVID-19 Vaccination Coverage exceeds 97.23 Cr

Recovery Rate currently at 98.08%; Highest since March 2020

981 New Cases reported in the last 24 hours

India's Active Caseload (2,01,632) is 0.59% of Total Cases

Weekly Positivity Rate (1.44%) less than 3% for last 113 days

With the administration of **8,36,118** vaccine doses in the last 24 hours, India's COVID-19 vaccination coverage has exceeded **97.23Cr (97,23,77,045)** as per provisional reports till 7 am today. This has been achieved through 96,05,482 sessions.

The break-up of the cumulative figures as per the provisional report till 7 am today include:-

Cumulative Vaccine Dose Coverage		
HCWs	1 st Dose	1,03,75,703
	2 nd Dose	90,68,232
FLWs	1 st Dose	1,83,61,275
	2 nd Dose	1,54,90,253
Age Group 18-44 years	1 st Dose	39,14,51,891
	2 nd Dose	10,85,40,506
Age Group 45-59 years	1 st Dose	16,73,04,569
	2 nd Dose	8,53,97,182
Over 60 years	1 st Dose	10,55,20,693
	2 nd Dose	6,08,66,741
Total		97,23,77,045

The recovery of **17,861** patients in the last 24 hours has increased the cumulative tally of recovered patients (since the beginning of the pandemic) to **3,33,99,961**.

Consequently, India's recovery rate stands at **98.08%**. Recovery Rate is currently at its highest peak since March 2020.

Recovered cases nearly 3.34 Cr & Recovery rate at 98.08%

Sustained and collaborative efforts by the Centre and the States/UTs continue the trend of less than 50,000 Daily New Cases that is being reported for 111 consecutive days now.

15,981 new cases were reported in the last 24 hours. New cases reported to be less than 20,000 for past 8 days now.

Nearly 16K New Cases reported in last 24 hrs

The Active Caseload is presently **2,01,632**, which is the **lowest in 218 days**. Active cases presently constitute **0.59%** of the country's total Positive Cases.

The testing capacity across the country continues to be expanded. The last 24 hours saw a total of 9,23,003 tests being conducted. India has so far conducted nearly **59 Cr (58,98,35,258)** cumulative tests

While testing capacity has been enhanced across the country, **Weekly Positivity Rate at 1.44% remains less than 3% for the last 113 days now.** The **Daily Positivity rate reported to be 1.73%.** The daily Positivity rate has remained below 3% for last 47 days and below 5% for 130 consecutive days now

Song by Padma Shri Kailash Kher to promote the vaccination drive across the country launched

An Audio-Visual Song by renowned singer PadmaShri Kailash Kher to promote the vaccination drive across the country, was launched today by the Petroleum and Natural Gas Minister Shri Hardeep Singh Puri and Health and Family Welfare Minister Shri Mansukh Mandaviya. Minister of State for Petroleum

and Natural Gas Shri RameswarTeli., Secretary PNG Shri Tarun Kapoor, senior officers of the Ministry and Oil & Gas PSUs were also present in the event, which was in a hybrid mode. The song has been produced by the Oil & Gas PSUs.

Speaking on the occasion, Shri Puri said that India is going to achieve the target of 100 crore vaccines next week. When the country went into the lockdown in March 2020, India was dependent on imports for PPE kits, ventilators and other requisite medical supplies but within a short period, we were able to manufacture all these things domestically, and now we are better equipped to face any eventuality. And this was possible due to contribution of one and all, and the visionary leadership of the Prime Minister. He said that it is a matter of great satisfaction that those tried to create the negative narrative failed, and the fight against the Covid took the shape of a people's movement. He said that Virus is the enemy, and all joined hands to fight it. Shri Puri said that the Singers can capture the people's imagination, and this song by Shri Kher will go in long way in dispelling the myths and creating awareness about the vaccination.

Shri Mandaviya said that over 97 crore vaccination has been given in the country. He said that the Government and the people reposed faith (sabka Vishwas) in our scientists, researchers and medical fraternity in developing the indigenous vaccine. And then due to the efforts of all (sabkaParyas), we were able to undertake the herculean task of distributing the vaccines to every nook and corner of the country, and vaccinating such a large number in a short period.

Update on COVID-19 Vaccine Availability in States/UTs

More than 100Crore vaccine doses provided to States/UTs

More than 10.53 Crore balance and unutilized vaccine doses still available with States/UTs

The Union Government is committed to accelerating the pace and expanding the scope of COVID-19 vaccination throughout the country. The new phase of universalization of COVID-19 vaccination commenced from 21st June 2021. The vaccination drive has been ramped up through availability of more vaccines, advance visibility of vaccine availability to States and UTs for enabling better planning by them, and streamlining the vaccine supply chain.

As part of the nationwide vaccination drive, Government of India has been supporting the States and UTs by providing them COVID Vaccines free of cost. In the new phase of the universalization of the COVID19 vaccination drive, the Union Government will procure and supply (free of cost) 75% of the vaccines being produced by the vaccinemanufacturers in the country to States and UTs

<i>VACCINE DOSES</i>	<i>(As on 15th October 2021)</i>
<i>SUPPLIED</i>	<i>1,00,35,96,665</i>
<i>BALANCE AVAILABLE</i>	<i>10,53,11,155</i>

More than 100 crore (1,00,35,96,665) vaccine doses have been provided to States/UTs so far through Govt of India (free of cost channel) and through direct state procurement category.

More than 10.53Cr (10,53,11,155) balance and unutilized COVID Vaccine doses are still available with the States/UTs to be administered.

PRESS INFORMATION BUREAU

MINISTRY OF INFORMATION & BROADCASTING

GOVERNMENT OF INDIA

COVID-19 Update

India's cumulative vaccination coverage crosses 97 crore landmark milestone

More than 27 lakh Vaccine doses administered today till 7 pm

Recovery Rate currently at 98.07%; Highest since March 2020

18,987 New Cases reported in the last 24 hours

India's Active Caseload (2,06,586) is 0.61% of Total Cases

Weekly Positivity Rate (1.44%) less than 3% for last 111 days

India's COVID-19 vaccination coverage has achieved **97 Crore landmark milestone (97,11,20,405)** today. More than **27 lakh (27,62,523)** Vaccine Doses have been administered till 7 pm today. The daily vaccination tally is expected to increase with the compilation of the final reports for the day by late tonight.

The cumulative coverage of vaccine doses, segregated based on population priority groups, is as follows:

Cumulative Vaccine Dose Coverage		
HCWs	1 st Dose	10375693
	2 nd Dose	9065616
FLWs	1 st Dose	18361083
	2 nd Dose	15482139
Age Group 18-44 years	1 st Dose	391045406
	2 nd Dose	108093471
Age Group 45-59 years	1 st Dose	167206130
	2 nd Dose	85245072
Over 60 years	1 st Dose	105467791
	2 nd Dose	60778004
Cumulative 1st dose administered		692456103
Cumulative 2nd dose administered		278664302
Total		971120405

Today's achievement in the vaccination exercise, segregated by population priority groups, is as follows:

Date: 14th October, 2021 (272nd Day)

HCWs	1 st Dose	51
	2 nd Dose	6816
FLWs	1 st Dose	646
	2 nd Dose	25060
Age Group 18-44 years	1 st Dose	892766
	2 nd Dose	1009715
Age Group 45-59 years	1 st Dose	209825
	2 nd Dose	321540
Over 60 years	1 st Dose	124329
	2 nd Dose	171775
1st Dose Administered in Total		1227617
2nd Dose Administered in Total		1534906
Total		2762523

The vaccination exercise as a tool to protect the most vulnerable population groups in the country from COVID-19 continues to be regularly reviewed and monitored at the highest level.

The recovery of **19,808** patients in the last 24 hours has increased the cumulative tally of recovered patients (since the beginning of the pandemic) to **3,33,62,709**.

Consequently, India's recovery rate stands at **98.07%**. Recovery Rate is currently at its highest peak since March 2020.

Recovered cases over 3.33 Cr & Recovery rate at 98.07%

Sustained and collaborative efforts by the Centre and the States/UTs continue the trend of less than 50,000 Daily New Cases that is being reported for 109 consecutive days now.

18,987 new cases were reported in the last 24 hours.

Nearly 19K New Cases reported in last 24 hrs

The Active Caseload is presently **2,06,586**, which is the **lowest in 215 days**. Active cases presently constitute **0.61%** of the country's total Positive Cases.

The testing capacity across the country continues to be expanded. The last 24 hours saw a total of 13,01,083 tests being conducted. India has so far conducted over **58.76 Cr (58,76,64,525)** cumulative tests.

While testing capacity has been enhanced across the country, **Weekly Positivity Rate at 1.44% remains less than 3% for the last 111 days now.** The **Daily Positivity rate reported to be 1.46%.** The daily Positivity rate has remained below 3% for last 45 days and below 5% for 128 consecutive days now.

Country's first 'One Health' consortium launched by D/o Biotechnology, Post COVID 19

COVID-19 pandemic showed the relevance of 'One Health' principles in the governance of infectious diseases, specially efforts to prevent and contain zoonotic diseases throughout the world. The risk of infectious agents capable of jumping the barriers of species is increasing, mainly because of the potential of novel infectious agents to spread rapidly around the globe due to increased travel, food habits and trade across borders . Such diseases have devastating impacts on animals, human, health systems, and economies, requiring years of social and economic recovery. Sensing this urgent need, the Department of Biotechnology (DBT), Ministry of Science and Technology, GoI supported a mega consortium on 'One Health'. Dr. Renu Swarup, Secretary, Department of Biotechnology, Govt. of launched the First 'One Health' project of DBT through video conferencing. This programme envisages carrying out surveillance of important bacterial, viral and parasitic infections of zoonotic as well as transboundary pathogens in India, including the North-eastern part of the country. Use of existing diagnostic tests and the development of additional methodologies when required are mandated for the surveillance and for understanding the spread of emerging diseases.

COVID-19 Update

India's Cumulative COVID-19 Vaccination Coverage exceeds 95.89 Cr

More than 65.86 Lakh doses administered in the last 24 hours

Recovery Rate currently at 98.04%; Highest since March 2020**14,313 New Cases reported in the last 24 hours****India's Active Caseload (2,14,900) is 0.63% of Total Cases****Weekly Positivity Rate (1.48%) less than 3% for last 109 days**

With the administration of **65,86,092** vaccine doses in the last 24 hours, India's COVID-19 vaccination coverage exceeded **95.89Cr (95,89,78,049)** as per provisional reports till 7 am today. This has been achieved through 93,66,392 sessions.

The break-up of the cumulative figures as per the provisional report till 7 am today include:

HCWs	1 st Dose	1,03,75,424
	2 nd Dose	90,36,583
FLWs	1 st Dose	1,83,59,259
	2 nd Dose	1,53,98,857
Age Group 18-44 years	1 st Dose	38,68,20,261
	2 nd Dose	10,40,73,546
Age Group 45-59 years	1 st Dose	16,61,56,424
	2 nd Dose	8,38,76,362
Over 60 years	1 st Dose	10,48,69,202
	2 nd Dose	6,00,12,131
Total		95,89,78,049

The recovery of **26,579** patients in the last 24 hours has increased the cumulative tally of recovered patients (since the beginning of the pandemic) to **3,33,20,057**.

Consequently, India's recovery rate stands at **98.04%**. Recovery Rate is currently at its highest peak since March 2020.

Sustained and collaborative efforts by the Centre and the States/UTs continue the trend of less than 50,000 Daily New Cases that is being reported for 107 consecutive days now.

14,313 new cases were reported in the last 24 hours. This is the lowest recorded daily new cases in 224 days.

The Active Caseload is presently **2,14,900**, which is the **lowest in 212 days**. Active cases presently constitute **0.63%** of the country's total Positive Cases.

The testing capacity across the country continues to be expanded. The last 24 hours saw a total of 11,81,766 tests being conducted. India has so far conducted over **58.50 Cr (58,50,38,043)** cumulative tests.

While testing capacity has been enhanced across the country, **Weekly Positivity Rate at 1.48% remains less than 3% for the last 109 days now**. The **Daily Positivity rate reported to be 1.21%**. The daily Positivity rate has remained below 3% for last 43 days and below 5% for 126 consecutive days now.

COVID-19 Update

India's Cumulative COVID-19 Vaccination Coverage crosses the landmark of 95 Cr

More than 46.57 Lakh doses administered in the last 24 hours

Recovery Rate currently at 98.00%; Highest since March 2020

18,132 New Cases reported in the last 24 hours

India's Active Caseload (2,27,347) is 0.67% of Total Cases

Weekly Positivity Rate (1.53%) less than 3% for last 108 days

With the administration of **46,57,679** vaccine doses in the last 24 hours, India's COVID-19 vaccination coverage crossed the landmark of **95 Cr (95,19,84,373)** as per provisional reports till 7 am today. This has been achieved through 92,57,689 sessions.

The break-up of the cumulative figures as per the provisional report till 7 am today include:

HCWs	1 st Dose	1,03,75,239
	2 nd Dose	90,23,632
FLWs	1 st Dose	1,83,58,791
	2 nd Dose	1,53,58,849
Age Group 18-44 years	1 st Dose	38,42,48,233
	2 nd Dose	10,19,06,145
Age Group 45-59 years	1 st Dose	16,55,10,602
	2 nd Dose	8,31,07,859
Over 60 years	1 st Dose	10,45,16,927
	2 nd Dose	5,95,78,096
Total		95,19,84,373

The recovery of **21,563** patients in the last 24 hours has increased the cumulative tally of recovered patients (since the beginning of the pandemic) to **3,32,93,478**.

Consequently, India's recovery rate stands at **98.00%**. Recovery Rate is currently at its highest peak since March 2020.

Sustained and collaborative efforts by the Centre and the States/UTs continue the trend of less than 50,000 Daily New Cases that is being reported for 106 consecutive days now.

18,132 new cases were reported in the last 24 hours. This is the lowest recorded daily new cases in 215 days.

18K New Cases reported in last 24 hrs

The Active Caseload is presently **2,27,347**, which is the **lowest in 209 days**. Active cases presently constitute **0.67%** of the country's total Positive Cases.

India's Active cases Trajectory

The testing capacity across the country continues to be expanded. The last 24 hours saw a total of

10,35,797 tests being conducted. India has so far conducted over **58.36 Cr (58,36,31,490)** cumulative tests.

While testing capacity has been enhanced across the country, **Weekly Positivity Rate at 1.53% remains less than 3% for the last 108 days now.** The **Daily Positivity rate reported to be 1.75%.** The daily Positivity rate has remained below 3% for last 42 days and below 5% for 125 consecutive days now.

COVID-19 Update

India's Cumulative COVID-19 Vaccination Coverage crosses the landmark of 94 Cr

More than 66.85 Lakh doses administered in the last 24 hours

Recovery Rate currently at 97.99%; Highest since March 2020

18,166 New Cases reported in the last 24 hours

India's Active Caseload (2,30,971) is 0.68% of Total Cases

Weekly Positivity Rate (1.57%) less than 3% for last 107 days

With the administration of 66,85,415 vaccine doses in the last 24 hours, India's COVID-19 vaccination coverage crossed the landmark of 94 Cr (94,70,10,175) as per provisional reports till 7 am today. This has been achieved through 92,12,314 sessions.

The break-up of the cumulative figure as per the provisional report till 7 am today include:

HCWs	1st Dose	1,03,75,111
	2nd Dose	90,09,217
FLWs	1st Dose	1,83,58,542

	2nd Dose	1,53,22,290
Age Group 18-44 years	1st Dose	38,25,40,056
	2nd Dose	10,03,92,940
Age Group 45-59 years	1st Dose	16,50,14,727
	2nd Dose	8,25,22,470
Over 60 years	1st Dose	10,42,27,722
	2nd Dose	5,92,47,100
Total		94,70,10,175

The recovery of 23,624 patients in the last 24 hours has increased the cumulative tally of recovered patients (since the beginning of the pandemic) to 3,32,71,915.

Consequently, India's recovery rate stands at 97.99%. Recovery Rate is currently at its highest peak since March 2020.

Sustained and collaborative efforts by the Centre and the States/UTs continue the trend of less than 50,000 Daily New Cases that is being reported for 105 consecutive days now.

18,166 new cases were reported in the last 24 hours. This is the lowest recorded daily new cases in 214 days.

The Active Caseload is presently 2,30,971, which is the lowest in 208 days. Active cases presently constitute 0.68% of the country's total Positive Cases.

The testing capacity across the country continues to be expanded. The last 24 hours saw a total of 12,83,212 tests being conducted. India has so far conducted over 58.25 Cr (58,25,95,693) cumulative tests.

While testing capacity has been enhanced across the country, Weekly Positivity Rate at 1.57% remains less than 3% for the last 107 days now. The Daily Positivity rate reported to be 1.42%. The daily Positivity rate has remained below 3% for last 41 days and below 5% for 124 consecutive days now.

COVID-19 Update

India's Cumulative COVID-19 Vaccination Coverage nearly 94Cr

More than 79.12 Lakh doses administered in the last 24 hours

Recovery Rate currently at 97.98%; Highest since March 2020

19,740 New Cases reported in the last 24 hours

India's Active Caseload (2,36,643) is 0.70% of Total Cases

Weekly Positivity Rate (1.62%) less than 3% for last 106 days

With the administration of **79,12,202** vaccine doses in the last 24 hours, India's COVID-19 vaccination coverage nearly reaches **94Cr (93,99,15,323)** as per provisional reports till 7 am today. This has been achieved through 91,40,316 sessions.

The break-up of the cumulative figure as per the provisional report till 7 am today include:

HCWs	1 st Dose	1,03,74,846
	2 nd Dose	89,95,831

FLWs	1 st Dose	1,83,57,931
	2 nd Dose	1,52,78,433
Age Group 18-44 years	1 st Dose	37,98,90,830
	2 nd Dose	9,81,36,153
Age Group 45-59 years	1 st Dose	16,43,35,949
	2 nd Dose	8,17,98,092
Over 60 years	1 st Dose	10,38,78,387
	2 nd Dose	5,88,68,871
Total		93,99,15,323

The recovery of **23,070** patients in the last 24 hours has increased the cumulative tally of recovered patients (since the beginning of the pandemic) to **3,32,48,291**.

Consequently, India's recovery rate stands at **97.98%**. Recovery Rate is currently at its highest peak since March 2020.

Sustained and collaborative efforts by the Centre and the States/UTs continue the trend of less than 50,000 Daily New Cases that is being reported for 104 consecutive days now.

19,740 new cases were reported in the last 24 hours.

The Active Caseload is presently **2,36,643**, which is the **lowest in 206 days**. Active cases presently constitute **0.70%** of the country's total Positive Cases.

The testing capacity across the country continues to be expanded. The last 24 hours saw a total of

12,69,291 tests being conducted. India has so far conducted over **58.13 Cr (58,13,12,481)** cumulative tests.

While testing capacity has been enhanced across the country, **Weekly Positivity Rate at 1.62% remains less than 3% for the last 106 days now.** The **Daily Positivity rate reported to be 1.56%.** The daily Positivity rate has remained below 3% for last 40 days and below 5% for 123 consecutive days now.

Paving the path for Antyodaya of COVID-19 Vaccination: Quantitative Restriction on Export of Syringes Put in Place

Restriction applies to just 3 categories of syringes for 3 months

The Domestic Vaccine Manufacturers and Manufacturers of Syringes have played an important and critical role in the effective implementation of World's largest COVID Vaccination Program in India. India has so far administered nearly 94 Crore Vaccine doses and is nearing 100 Crore doses administration mark. With firm political commitment to vaccinate India's last citizen, fulfilling the philosophy of 'Antyodaya' espoused by Pt. Deendayal Upadhyay, the Government has put in place a quantitative restriction on export of syringes to boost their domestic availability and uptake.

Syringes are vital to sustain the momentum of the program to vaccinate all eligible Citizens in shortest possible time. With a view to ensure adequate availability of the syringes, used to administer the vaccine, the Government of India has enacted this quantitative restriction on the export of following denominations of the syringes only: -

- 0.5 ml/ 1ml AD (auto – disable) syringes.
- 0.5 ml/1 ml/2 ml/3 ml disposable syringes.
- 1ml/2 ml/3 ml RUP (re-use prevention) syringes.

It is also clarified that it is not an Export ban on any kind/Type of Syringes, it is only quantitative restriction on the export of certain type of specified syringes, for limited duration of 3 months. Further, the syringes of denominations and types other than those mentioned above are not covered under Quantitative Restriction.

Union Health Minister Reviews Progress of COVID-19 Vaccination with 19 States

Exhorts States to achieve the goal of 100 Cr doses

Focus on COVID-19 safe Festivities with strict enforcement

Dr. Mansukh Mandaviya, Union Minister for Health and Family Welfare today interacted with Principal Secretaries and Mission Directors (National Health Mission) of all major States and reviewed the progress of COVID-19 vaccination in these States. He underlined that the immediate milestone in India's COVID-19 vaccination journey is the completion of administration of 100 Crore doses. India has so far administered 94 Crore Vaccine doses.

Dr. Mandaviya noted that Festivals usually synonymous with auspiciousness, joy and large gatherings, if not done in accordance to COVID protocols can derail the containment of COVID-19. "The twin pronged solution is to follow COVID protocols very strictly and speeding up of vaccination," he stated. He cited results of experiments that pegged the number of 1st dose recipients not developing severe COVID-19 to be 96% and further pointed out that the number increases to nearly 98% for people who have taken both doses of the vaccine.

COVID-19 Update

f India's Cumulative COVID-19 Vaccination Coverage crosses the landmark of 93 Cr **in**

More than 50.17 Lakh doses administered in the last 24 hours

Recovery Rate currently at 97.96%; Highest since March 2020

21,257 New Cases reported in the last 24 hours

India's Active Caseload (2,40,221) is 0.71% of Total Cases

Weekly Positivity Rate (1.64%) less than 3% for last 105 days

With the administration of **50,17,753** vaccine doses in the last 24 hours, India's COVID-19 vaccination coverage crossed the landmark of **93Cr(93,17,17,191)** as per provisional reports till 7 am today. This has been achieved through 90,68,525 sessions.

The break-up of the cumulative figures as per the provisional report till 7 am today include:

HCWs	1 st Dose	1,03,74,633
	2 nd Dose	89,78,960
FLWs	1 st Dose	1,83,57,144
	2 nd Dose	1,52,22,373
Age Group 18-44 years	1 st Dose	37,67,64,208
	2 nd Dose	9,56,87,462
Age Group 45-59 years	1 st Dose	16,35,63,468
	2 nd Dose	8,09,12,829
Over 60 years	1 st Dose	10,34,70,003
	2 nd Dose	5,83,86,111
Total		93,17,17,191

The recovery of **24,963** patients in the last 24 hours has increased the cumulative tally of recovered patients (since the beginning of the pandemic) to **3,32,25,221**.

Consequently, India's recovery rate stands at **97.96%**. Recovery Rate is currently at its highest peak since March 2020.

Sustained and collaborative efforts by the Centre and the States/UTs continue the trend of less than 50,000 Daily New Cases that is being reported for 103 consecutive days now.

21,257 new cases were reported in the last 24 hours.

The Active Caseload is presently **2,40,221**, which is the **lowest in 205 days**. Active cases presently constitute **0.71%** of the country's total Positive Cases.

The testing capacity across the country continues to be expanded. The last 24 hours saw a total of 13,85,706 tests being conducted. India has so far conducted over **58 Cr (58,00,43,190)** cumulative tests.

While testing capacity has been enhanced across the country, **Weekly Positivity Rate at 1.64% remains less than 3% for the last 105 days now.** The **Daily Positivity rate reported to be 1.53%.** The daily Positivity rate has remained below 3% for last 39 days and below 5% for 122 consecutive days now.

PM dedicates to the nation PSA Oxygen Plants established under PM CARES

PM dedicates 35 PSA Oxygen Plants across 35 States and UTs

PSA Oxygen Plants now commissioned in all districts of the country

Expresses gratitude to the people of the country and Uttarakhand as he enters the 21st year of unbroken journey as head of the government

“My relation with the land of Uttarakhand is not only of heart but also of action, not only of essence but also of element.”

“Facilities India prepared in such a short timespan to fight the Corona pandemic, shows the capability of our country. Network of about 3000 testing labs was created from just 1 testing lab, before the pandemic”

“As the demand increased, India increased the production of medical oxygen by more than 10 times”

“Very soon India will cross the 100 crore mark in vaccination”

The Prime Minister, Shri Narendra Modi, dedicated 35 Pressure Swing Adsorption (PSA) Oxygen Plants established under PM CARES, across 35 States and Union Territories, in an event held at AIIMS Rishikesh, Uttarakhand today. With this, all districts of the country will now have commissioned PSA Oxygen Plants. Union Ministers, Governor, Chief Minister of Uttarakhand, State Ministers and healthcare professionals were present on the occasion.

Shri Modi expressed happiness that from the land where life-giving forces like Yoga and Ayurveda gained strength, today, oxygen plants are being dedicated. The Prime Minister said the facilities India prepared in such a short timespan to fight the Corona pandemic, shows the capability of our country. Network of about 3000 testing labs were created from just 1 testing lab, before the pandemic. India has transformed from being an importer to an exporter of masks and kits. Facilities of new ventilators were made available even in remote areas of the country. India has made rapid and large-scale manufacturing of Made in India Corona Vaccine. India has implemented the world's largest and fastest vaccination campaign. The Prime Minister said what India has done is a symbol of our determination, our service and our solidarity.

The Prime Minister said in normal days, India used to produce 900 metric tons of liquid medical oxygen a day. As the demand increased, India increased the production of medical oxygen by more than 10 times. He added that this was an unimaginable goal for any country in the world, but India has achieved it.

The Prime Minister remarked that it is a matter of pride for every Indian that 93 crore doses of corona vaccine have been administered. Very soon India will cross the 100 crore mark. He said India has shown the way to the whole world by building the Cowin platform that shows how vaccination is done on such a large scale.

Government Issues Guidelines For PM Cares For Children Scheme

Scheme To Give Comprehensive Support For Children Who Have Lost Their Parents Due To COVID-19 Pandemic

PM CARES For Children Scheme To Provide Monthly Stipend From Age Of 18 Years & Rs. 10 Lakh On Attaining 23 Years Of Age

The Ministry of Women and Child Development has issued the detailed guidelines for PM CARES for Children Scheme. Prime Minister Shri Narendra Modi on 29th May, 2021 had announced comprehensive support for children who have lost both their parents due to COVID 19 pandemic. The objective of the scheme is to ensure comprehensive care and protection of children who have lost their parent(s) to COVID pandemic, in a sustained manner, enable their wellbeing through health insurance, empower them through education and equip them for self-sufficient existence with financial support on reaching 23 years of age.

PRESS INFORMATION BUREAU
MINISTRY OF INFORMATION & BROADCASTING
GOVERNMENT OF INDIA

COVID-19 Update

India's Cumulative COVID-19 Vaccination Coverage crosses the landmark of 91 Cr

More than 72.51 Lakh doses administered in the last 24 hours

Recovery Rate currently at 97.93%; Highest since March 2020

18,346 New Cases reported in the last 24 hours

India's Active Caseload (2,52,902) is 0.75% of Total Cases

Weekly Positivity Rate (1.66%) less than 3% for last 102 days

With the administration of 72,51,419 vaccine doses in the last 24 hours, India's COVID-19 vaccination coverage crossed the landmark of 91 Cr (91,54,65,826) as per provisional reports till 7 am today. This has been achieved through 88,75,020 sessions.

The break-up of the cumulative figure as per the provisional report till 7 am today include:

HCWs	1st Dose	1,03,74,089
	2nd Dose	89,46,803
FLWs	1st Dose	1,83,55,901
	2nd Dose	1,51,44,069
Age Group 18-44 years	1st Dose	37,03,90,293
	2nd Dose	9,06,64,628
Age Group 45-59 years	1st Dose	16,19,93,955
	2nd Dose	7,93,41,865
Over 60 years	1st Dose	10,26,93,150
	2nd Dose	5,75,61,073
Total		91,54,65,826

The recovery of 29,639 patients in the last 24 hours has increased the cumulative tally of recovered patients (since the beginning of the pandemic) to 3,31,50,886.

Consequently, India's recovery rate stands at 97.93%. Recovery Rate is currently at its highest peak since March 2020.

Recovered cases over 3.31 Cr & Recovery rate at 97.93%

Sustained and collaborative efforts by the Centre and the States/UTs continue the trend of less than 50,000 Daily New Cases that is being reported for 100 consecutive days now.

18,346 new cases were reported in the last 24 hours.

18k New Cases reported in last 24 hrs

The Active Caseload is presently 2,52,902, which is the lowest in 201 days. Active cases presently constitute 0.75% of the country's total Positive Cases.

The testing capacity across the country continues to be expanded. The last 24 hours saw a total of 11,41,642 tests being conducted. India has so far conducted over 57.53 Cr (57,53,94,042) cumulative tests.

While testing capacity has been enhanced across the country, Weekly Positivity Rate at 1.66% remains less than 3% for the last 102 days now. The Daily Positivity rate reported to be 1.61%. The daily Positivity rate has remained below 3% for last 36 days and below 5% for 119 consecutive days now.

Shri Mansukh Mandaviya releases State of the World's Children report of UNICEF

Report throws light on impact of COVID-19 on Mental Health in children and Young People

“Health of the Body and Mind are inseparable in Indian traditions of Medicine which emphasize Holistic Health”

It is vital to address mental health issues for creating a healthy society: Union Health Minister

“Pradhan Mantri Ji invested personal effort to relieve students of their exam stress”: Shri Mandaviya on ‘ParikshapeCharcha’

Shri Mansukh Mandaviya, Union Minister for Health and Family Welfare released UNICEF's global flagship publication – “The State of the World's Children 2021; On My Mind: promoting, protecting and caring for children's mental health”, here today. The report details the significant impact of COVID-19 pandemic on children's mental health.

The Union Health Minister highlighted that “COVID-19 was a test of mental stress for the entire society. He recounted his personal experience as the Pharmaceuticals Minister during the second surge of COVID19. “Production capacity of drugs had to be amplified and due official process to establish new plants had to be speeded up. Such work in the midst of a then unfolding human tragedy was very stressful.” Yoga, deep breathing and cycling helped him to overcome the stress, he added.

Shri Mansukh Mandaviya, Union Minister for Health and Family Welfare launches i-Drone, ICMR's drone-based vaccine delivery model

First time in South Asia, a "Make in India' drone used to transport COVID-19 vaccines

“Drones can be used in delivering important life-saving medicines, collecting blood samples in critical situations and in tough geographical areas”: Shri Mansukh Mandaviya

In a landmark event that epitomises the Government's commitment to 'Antyodaya' in health; making healthcare accessible to the last citizen of the country, Shri Mansukh Mandaviya, Union Minister for Health and Family Welfare launched ICMR's Drone Response and Outreach in North East (i-Drone). This is a delivery model to make sure that life-saving vaccines reach everyone.

Thanking the visionary leadership of Prime Minister, Shri Narendra Modi, the Union Health Minister said, “Under his leadership, the Nation is progressing at a great pace. Today is a historic day, which showed us how technology is making life easier and bringing social change.”

Congratulating the people of the country on this innovative step, Shri Mansukh Mandaviya said, “This is for the first time that a "Make in India' drone has been used in South Asia to transport COVID vaccine over an aerial distance of 15 kms in 12-15 mins from the Bishnupur district hospital to Loktak lake, Karang island in Manipur for administration at the PHC. The actual road distance between these locations is 26 k.m. Today, 10 beneficiaries will receive the first dose and 8 will receive the second dose at the PHC.”

GOVERNMENT OF INDIA

COVID-19 Update

India's Cumulative COVID-19 Vaccination Coverage exceeds 90 Cr Mark

More than 69.33Lakh doses administered in the last 24 hours

Recovery Rate currently at 97.86%; Highest since March 2020

24,354 New Cases reported in the last 24 hours

India's Active Caseload (2,73,889) is 0.81% of Total Cases

Weekly Positivity Rate (1.68%) less than 3% for last 99 days

India's Cumulative COVID-19 Vaccination Coverage exceeds 90 Cr Mark. With the administration of **69,33,838** vaccine doses in the last 24 hours, India's COVID-19 vaccination coverage exceeded **89.74Cr (89,74,81,554)** as per provisional reports till 7 am today. This has been achieved through 87,06,441 sessions.

The break-up of the cumulative figure as per the provisional report till 7 am today include:

HCWs	1 st Dose	1,03,73,287
	2 nd Dose	89,07,790
FLWs	1 st Dose	1,83,54,007
	2 nd Dose	1,50,47,392
Age Group 18-44 years	1 st Dose	36,35,39,734
	2 nd Dose	8,51,18,303
Age Group 45-59 years	1 st Dose	16,03,02,227
	2 nd Dose	7,75,18,029
Over 60 years	1 st Dose	10,17,62,489

Over 60 years

	2 nd Dose	5,65,58,296
Total		89,74,81,554

The recovery of **25,455** patients in the last 24 hours has increased the cumulative tally of recovered patients (since the beginning of the pandemic) to **3,30,68,599**.

Consequently, India's recovery rate stands at **97.86%**. Recovery Rate is currently at its highest peak since March 2020.

Sustained and collaborative efforts by the Centre and the States/UTs continue the trend of less than 50,000 Daily New Cases that is being reported for 97 consecutive days now.

24,354 new cases were reported in the last 24 hours.

24k New Cases reported in last 24 hrs

The Active Caseload is presently **2,73,889**, which is the **lowest in 197 days**. Active cases presently constitute **0.81%** of the country's total Positive Cases.

India's Active cases Trajectory

The testing capacity across the country continues to be expanded. The last 24 hours saw a total of

14,29,258 tests being conducted. India has so far conducted over **57.19 Cr (57,19,94,990)** cumulative tests.

While testing capacity has been enhanced across the country, **Weekly Positivity Rate at 1.68% remains less than 3% for the last 99 days now**. The **Daily Positivity rate reported to be 1.70%**. The daily Positivity rate has remained below 3% for last 38 days and below 1% for

116 consecutive days now.

COVID-19 Update

India's Cumulative COVID-19 Vaccination Coverage crosses the landmark of 89 Cr

More than 64.40 Lakh doses administered in the last 24 hours

Recovery Rate currently at 97.86%; Highest since March 2020

26,727 New Cases reported in the last 24 hours

India's Active Caseload (2,75,224) is 0.82% of Total Cases

Weekly Positivity Rate (1.70%) less than 3% for last 98 days

With the administration of 64,40,451 vaccine doses in the last 24 hours, India's COVID-19 vaccination coverage crossed the landmark of 89 Cr (89,02,08,007) as per provisional reports till 7 am today. This has been achieved through 86,46,674 sessions.

The break-up of the cumulative figure as per the provisional report till 7 am today include:

HCWs	1st Dose	1,03,72,796
	2nd Dose	88,95,117
FLWs	1st Dose	1,83,52,779
	2nd Dose	1,50,06,337
Age Group 18-44 years	1st Dose	36,05,69,116
	2nd Dose	8,30,27,778
Age Group 45-59 years	1st Dose	15,95,61,641
	2nd Dose	7,68,32,812
Over 60 years	1st Dose	10,13,72,713
	2nd Dose	5,62,16,918
Total		89,02,08,007

The recovery of 28,246 patients in the last 24 hours has increased the cumulative tally of recovered patients (since the beginning of the pandemic) to 3,30,43,144.

Consequently, India's recovery rate stands at 97.86%. Recovery Rate is currently at its highest peak since March 2020.

Sustained and collaborative efforts by the Centre and the States/UTs continue the trend of less than 50,000 Daily New Cases that is being reported for 96 consecutive days now.

26,727 new cases were reported in the last 24 hours.

The Active Caseload is presently 2,75,224, which is the lowest in 196 days. Active cases presently constitute 0.82% of the country's total Positive Cases.

The testing capacity across the country continues to be expanded. The last 24 hours saw a total of

15,20,899 tests being conducted. India has so far conducted over 57.04 Cr (57,04,77,338) cumulative tests.

While testing capacity has been enhanced across the country, Weekly Positivity Rate at 1.70% remains less than 3% for the last 98 days now. The Daily Positivity rate reported to be 1.76%. The daily Positivity rate has remained below 3% for last 32 days and below 5% for 115 consecutive days now.
