COVID-19 Update**India's Cumulative COVID-19 Vaccination Coverage exceeds 119.38 Cr****More than 90.27 Lakh doses administered in the last 24 hours****Recovery Rate currently at 98.33%****9,119 New Cases reported in the last 24 hours****India's Active Caseload stands at 1,09,940****Weekly Positivity Rate (0.90%) less than 2% for last 62 days**

With the administration of **90,27,638** vaccine doses in the last 24 hours, India's COVID-19 vaccination coverage has exceeded **119.38 Cr (1,19,38,44,741)** as per provisional reports till 7 am today. This has been achieved through 1,23,73,056 sessions.

The break-up of the cumulative figures as per the provisional report till 7 am today include:

HCWs	1 st Dose	1,03,82,870
	2 nd Dose	94,36,705
FLWs	1 st Dose	1,83,77,133
	2 nd Dose	1,63,83,806
Age Group 18-44 years	1 st Dose	44,85,35,082
	2 nd Dose	20,36,38,734
    		18,22,43,827

Age Group 45-59 years

2nd Dose

11,46,46,368

Over 60 years

1st Dose

11,41,31,257

2nd Dose

7,60,68,959

Total

1,19,38,44,741

The recovery of **10,264** patients in the last 24 hours has increased the cumulative tally of recovered patients (since the beginning of the pandemic) to **3,39,67,962**.

Consequently, India's recovery rate stands at **98.33%**.

Sustained and collaborative efforts by the Centre and the States/UTs continue the trend of less than 50,000 Daily New Cases that is being reported for 151 consecutive days now.

9,119 new cases were reported in the last 24 hours.

The Active Caseload presently stands at **1,09,940**. Active cases presently constitute **0.32%** of the country's total Positive Cases, which is **lowest since March 2020**.

The testing capacity across the country continues to be expanded. The last 24 hours saw a total of 11,50,538 tests being conducted. India has so far conducted over **63.59 Cr (63,59,24,763)** cumulative tests.

While testing capacity has been enhanced across the country, **Weekly Positivity Rate at 0.90% remains less than 2% for the last 62 days now.** The **Daily Positivity rate reported to be 0.79%.** The daily Positivity rate has remained below 2% for last 52 days and below 3% for 87 consecutive days now.

Update on COVID-19 Vaccine Availability in States/UTs

More than 132 Crore vaccine doses provided to States/UTs

More than 22.72 Crore balance and unutilized vaccine doses still available with States/UTs

The Union Government is committed to accelerating the pace and expanding the scope of COVID-19 vaccination throughout the country. The nationwide COVID 19 vaccination started on 16th January 2021. The new phase of universalization of COVID-19 vaccination commenced from 21st June 2021. The vaccination drive has been ramped up through availability of more vaccines, advance visibility of vaccine availability to States and UTs for enabling better planning by them, and streamlining the vaccine supply chain.

As part of the nationwide vaccination drive, Government of India has been supporting the States and UTs by providing them COVID Vaccines free of cost. In the new phase of the universalization of the COVID19 vaccination drive, the Union Government will procure and supply (free of cost) 75% of the vaccines being produced by the vaccinemanufacturers in the country to States and UTs.

Number of Fully Vaccinated individuals surpasses the Partially Vaccinated eligible population for the first time: Dr Mansukh Mandaviya

“This feat possible due to people’s faith and confidence in the Govt, ‘Jan-Bhagidari’ and the ‘Har Ghar Dastak’ campaign”

Union Health Minister assures of No Shortage of Vaccine Doses in the country, urges people to come forward for second dose

“The number of the fully vaccinated individuals has surpassed the partially vaccinated eligible population for the first time in the country. This feat has been made possible due to the Hon. Prime Minister’s vision of ‘Jan-Bhagidari’ and “Whole of Government Approach”, people’s faith and confidence in the Government, and the ongoing ‘Har Ghar Dastak’ campaign which has seen tremendous response from various parts of the country”. This was stated by Dr. Mansukh Mandaviya, Union Minister for Health & Family Welfare, here today.

In a significant achievement to the nationwide vaccination coverage for the country, for the first time the number of fully vaccinated individuals has surpassed those who have been administered only a single dose of vaccine. The country has in total administered over 113.68 Cr (1,13,68,79,685) as per 7 am provisional reports today with the administration of 67,82,042 vaccine doses in the last 24 hours. This has been achieved through 1,16,73,459 sessions. Out of which, 75,57,24,081 doses were administered as first dose and 38,11,55,604 doses were administered as second dose. Thus, the number of fully vaccinated individuals (38,11,55,604) exceeds those who have been administered a single dose (37,45,68,477).

The Union Health Minister congratulated the collective spirit of the country on this achievement. In a tweet, he appealed to all eligible citizens to get vaccinated. “We will win the battle against COVID-19 together,” he stated.

GOVERNMENT OF INDIA**

COVID-19 Update

India's Cumulative COVID-19 Vaccination Coverage exceeds 112.97 Cr

More than 59.75 Lakh doses administered in the last 24 hours

Recovery Rate currently at 98.27%

8,865 New Cases reported in the last 24 hours

India's Active Caseload(1,30,793) is lowest in 525 days

Weekly Positivity Rate (0.97%) less than 2% for last 53 days

With the administration of 59,75,469 vaccine doses in the last 24 hours, India's COVID-19 vaccination coverage has exceeded 112.97 Cr (1,12,97,84,045) as per provisional reports till 7 am today. This has been achieved through 1,16,00,209 sessions.

The break-up of the cumulative figure as per the provisional report till 7 am today include:

HCWs	1 st Dose	1,03,80,660	
	2 nd Dose	93,42,630	
FLWs	1 st Dose	1,83,74,266	
	2 nd Dose	1,61,98,084	
Age Group 18-44 years	1 st Dose	43,40,97,627	
	2 nd Dose	17,34,44,599	
Age Group 45-59 years	1 st Dose	17,86,66,772	
	2 nd Dose	10,58,01,615	
Over 60 years	1 st Dose	11,19,42,501	
	2 nd Dose	7,15,35,291	
Total		1,12,97,84,045	

The recovery of **11,971** patients in the last 24 hours has increased the cumulative tally of recovered patients (since the beginning of the pandemic) to **3,38,61,756**.

Consequently, India's recovery rate stands at **98.27%**.

Recovered cases over 3.38 Cr & Recovery rate at 98.27%

Sustained and collaborative efforts by the Centre and the States/UTs continue the trend of less than 50,000 Daily New Cases that is being reported for 142 consecutive days now.

8,865 new cases were reported in the last 24 hours.

8K New Cases reported in last 24 hrs

The Active Caseload is presently at **1,30,793** is lowest in 525 days. Active cases presently constitute **0.38%** of the country's total Positive Cases, which is lowest since March 2020.

The testing capacity across the country continues to be expanded. The last 24 hours saw a total of 11,07,617 tests being conducted. India has so far conducted over **62.57 Cr (62,57,74,159)** cumulative tests.

While testing capacity has been enhanced across the country, **Weekly Positivity Rate at 0.97% remains less than 2% for the last 53 days now.** The **Daily Positivity** rate reported to be **0.80%**. The daily Positivity rate has remained below 2% for last 43 days and below 3% for 78 consecutive days now.

Update on COVID-19 Vaccine Availability in States/UTs

More than 125 Crore vaccine doses provided to States/UTs

More than 19.55 Crore balance and unutilized vaccine doses still available with States/UTs

The Union Government is committed to accelerating the pace and expanding the scope of COVID-19 vaccination throughout the country. The new phase of universalization of COVID-19 vaccination commenced from 21st June 2021. The vaccination drive has been ramped up through availability of more vaccines, advance visibility of vaccine availability to States and UTs for enabling better planning by them, and streamlining the vaccine supply chain.

As part of the nationwide vaccination drive, Government of India has been supporting the States and UTs by providing them COVID Vaccines free of cost. In the new phase of the universalization of the COVID19 vaccination drive, the Union Government will procure and supply (free of cost) 75% of the vaccines being produced by the vaccine manufacturers in the country to States and UTs.

VACCINE DOSES	(As on 15 th November 2021)
SUPPLIED	1,25,74,91,730
BALANCE AVAILABLE	19,55,55,996

More than 125 crore (1,25,74,91,730) vaccine doses have been provided to States/UTs so far through Govt of India (free of cost channel) and through direct state procurement category.

More than 19.55 Cr (19,55,55,996) balance and unutilized COVID Vaccine doses are still available with the States/UTs to be administered.

Dr. Mansukh Mandaviya discusses strengthening of Prime Minister's 'Har Ghar Dastak' campaign with NGOs, CSOs and Development Partners

“Modi Ji has always emphasized that the achievement with regard to COVID Vaccination is a collective effort of the entire country”

“Pradhan Mantri Shri Narendra Modi Ji had re-iterated that achievements with regards to vaccination belong to the entire country and not the government alone. Involvement of all stakeholders working according to their expertise and capacity to achieve a collective goal is the very essence of democracy”. This was stated by Dr. Mansukh Mandaviya, Union Minister of Health and Family Welfare today as he interacted with representatives of various stakeholders helping the Government in furthering the reach and coverage of COVID vaccination across the country. Dr. Bharati Pravin Pawar, Union Minister of State for Health and Family Welfare joined digitally from her constituency.

Dr. Mandaviya noted that Jan-Bhagidari is essential for such a mammoth exercise like India's vaccination programme. "India stood tall in COVID crisis because of the initiative of non-government organisations and civil society organisations who supplemented the efforts of the government to ensure that nobody went to sleep on a hungry stomach during the COVID lockdown." He also noted their contribution in ensuring that 80% of the population and 40% of the population receive their first and second dose of the vaccine, respectively.

Update on COVID-19 Vaccine Availability in States/UTs

More than 116Crore vaccine doses provided to States/UTs

More than 15.92 Crore balance and unutilized vaccine doses still available with States/UTs

The Union Government is committed to accelerating the pace and expanding the scope of COVID-19 vaccination throughout the country. The new phase of universalization of COVID-19 vaccination commenced from 21st June 2021. The vaccination drive has been ramped up through availability of more vaccines, advance visibility of vaccine availability to States and UTs for enabling better planning by them, and streamlining the vaccine supply chain.

VACCINE DOSES	(As on 16 th October 2021)
SUPPLIED	1,16,89,46,235
BALANCE AVAILABLE	15,92,74,731

As part of the nationwide vaccination drive, Government of India has been supporting the States and UTs by providing them COVID Vaccines free of cost. In the new phase of the universalization of the COVID19 vaccination drive, the Union Government will procure and supply (free of cost) 75% of the vaccines being produced by the vaccine manufacturers in the country to States and UTs

More than **116 crore (1,16,89,46,235)** vaccine doses have been provided to States/UTs so far through Govt of India (free of cost channel) and through direct state procurement category.

More than **15.92 Cr (15,92,74,731)** balance and unutilized COVID Vaccine doses are still available with the States/UTs to be administered.

Update on COVID-19 Vaccination Programme

Reflecting worldwide acceptance of India's Vaccines and our Vaccination process, 96 countries have agreed to Mutual Acceptance of Vaccination Certificates: Dr Mansukh Mandaviya

The Union Government's commitment to accelerate the pace and expanding the scope of COVID-19 vaccination throughout the country has resulted in crossing the 100 Cr milestone in administration of doses on 21st October, 2021. The Union Government continues to be in communication with the rest of the world so that beneficiaries of the world's largest COVID vaccination program are accepted and recognized, thereby easing travel for education, business and tourism purposes. This was stated by Union Minister of Health & Family Welfare Dr. Mansukh Mandaviya, here today.

At present, 96 countries have agreed to mutual recognition of vaccination certificates and also those who recognise Indian vaccination certificates of travellers fully vaccinated with COVISHIELD/WHO approved/nationally approved vaccines. Consecutively, persons travelling from these countries are provided certain relaxations as enunciated in Union Health Ministry's Guidelines on International Arrivals issued on 20th October 2021 (<https://www.mohfw.gov.in/pdf/GuidelinesforInternationalArrival20thOctober2021.pdf>). For those who wish to travel abroad, the international travel vaccination certificate can also be downloaded from the CoWIN portal.

Ministry of Health & Family Welfare along with the Ministry of External Affairs is in continuous communication with all countries for mutual recognition of vaccine certificates, and WHO and nationally approved vaccines to facilitate hassle-free international travel across countries.

COVID-19 Update

India's Cumulative COVID-19 Vaccination Coverage exceeds 108.47 Cr

Recovery Rate currently at 98.24%

11,451 New Cases reported in the last 24 hours

India's Active Caseload(1,42,826) is lowest in 262 days

Weekly Positivity Rate (1.26%) less than 2% for last 45 days

With the administration of **23,84,096** vaccine doses in the last 24 hours, India's COVID-19 vaccination coverage has exceeded **108.47 Cr (1,08,47,23,042)** as per provisional reports till 7 am today. This has been achieved through 1,09,98,126 sessions.

The break-up of the cumulative figure as per the provisional report till 7 am today include:

HCWs	1 st Dose	1,03,79,606
	2 nd Dose	92,69,660
FLWs	1 st Dose	1,83,72,723
	2 nd Dose	1,60,37,946

Age Group 18-44 years	1 st Dose	42,45,43,385
	2 nd Dose	15,14,76,624
Age Group 45-59 years	1 st Dose	17,63,88,452
	2 nd Dose	9,93,34,705
Over 60 years	1 st Dose	11,06,32,907
	2 nd Dose	6,82,87,034
Total		1,08,47,23,042

The recovery of **13,204** patients in the last 24 hours has increased the cumulative tally of recovered patients (since the beginning of the pandemic) to **3,37,63,104**.

Consequently, India's recovery rate stands at **98.24%**.

Sustained and collaborative efforts by the Centre and the States/UTs continue the trend of less than 50,000 Daily New Cases that is being reported for 134 consecutive days now.

11,451 new cases were reported in the last 24 hours.

1 LK New Cases reported in last 24 hrs

The Active Caseload is presently at **1,42,826** is lowest in 262 days. Active cases presently constitute **0.42%** of the country's total Positive Cases, which is lowest since March 2020.

India's Active cases Trajectory

The testing capacity across the country continues to be expanded. The last 24 hours saw a total of 8,70,058 tests being conducted. India has so far conducted over **61.60 Cr (61,60,71,949)** cumulative tests.

While testing capacity has been enhanced across the country, **Weekly Positivity Rate at 1.26% remains less than 2% for the last 45 days now.** The **Daily Positivity rate reported to be 1.32%.** The daily Positivity rate has remained below 2% for last 35 days and below 3% for 70 consecutive days now.

PM holds review meeting with districts having low vaccination coverage

The Prime Minister interacted with District Magistrates of over 40 districts in Jharkhand, Manipur, Nagaland, Arunachal Pradesh, Maharashtra, Meghalaya, and other States with districts having low vaccination coverage

“You will have to do your best to take your districts nearer the national average”

Immediately after returning from his Visit to Italy and Glasgow, the Prime Minister Shri Narendra Modi held a review meeting with districts having low vaccination coverage. The meeting included districts with less than 50% coverage of the first dose and low coverage of the second dose of Covid vaccine. The Prime Minister interacted with District Magistrates of over 40 districts in Jharkhand, Manipur, Nagaland, Arunachal Pradesh, Maharashtra, Meghalaya, and other States with districts having low vaccination coverage.

The District Magistrates gave an account of the issues and challenges being faced in their districts, which has resulted in low vaccination coverage. They highlighted issues like rumours resulting in vaccine hesitancy, difficult terrain, challenges created due to prevailing weather conditions in recent months. They also presented an account of the steps that have been taken by them till now to overcome these challenges. The DMs also shared good practises adopted by them which has led to increase in coverage.

During the interaction, the Prime Minister discussed the issue of vaccine hesitancy and the local factors behind it in detail. He discussed a wide array of ideas that can be implemented for ensuring 100% vaccination coverage in these districts. He spoke about maximising community engagement through religious and community leaders. He exhorted all officials to ensure that the country widens its vaccination coverage by the end of the year and enters the new year with renewed self belief and confidence.

काम करना होगा: PM

— PMO India (@PMOIndia) November 3, 2021

हर घर पर दस्तक देते समय, पहली डोज़ के साथ-साथ आप सभी को दूसरी डोज़ पर भी उतना
ही ध्यान देना होगा।

क्योंकि जब भी संक्रमण के केस कम होने लगते हैं, तो कई बार Urgency वाली भावना कम हो
जाती है।

लोगों को लगने लगता है कि, इतनी भी क्या जल्दी है, लगा लेंगे: PM

— PMO India (@PMOIndia) November 3, 2021

सबको वैक्सीन, मुफ्त वैक्सीन अभियान के तहत हम एक दिन में करीब-करीब ढाई करोड़ वैक्सीन डोज लगाकर दिखा चुके हैं।

ये दिखाता है कि हमारी कैपेबिलिटी क्या है, हमारा सामर्थ्य क्या है: PM @narendramodi

COVID-19 Update

India's Cumulative COVID-19 Vaccination Coverage exceeds 106.85 Cr
More than 52.39 Lakh doses administered in the last 24 hours

Recovery Rate currently at 98.21%

10,423 New Cases reported in the last 24 hours

India's Active Caseload(1,53,776) is lowest in 250 days

Weekly Positivity Rate (1.16%) less than 2% for last 39 days

With the administration of **52,39,444** vaccine doses in the last 24 hours, India's COVID-19 vaccination coverage has exceeded **106.85 Cr (1,06,85,71,879)** as per provisional reports till 7 am today. This has been achieved through 1,07,33,024 sessions.

The break-up of the cumulative figures as per the provisional report till 7 am today include::

HCWs	1 st Dose	1,03,79,238
	2 nd Dose	92,33,414
FLWs	1 st Dose	1,83,71,868
	2 nd Dose	1,59,56,217

[f](#)
[t](#)
[wa](#)
[e](#)
[in](#)

Age Group 18-44 years	1 st Dose	42,04,89,326
	2 nd Dose	14,45,67,423
Age Group 45-59 years	1 st Dose	17,53,42,269
	2 nd Dose	9,71,44,220
Over 60 years	1 st Dose	11,00,17,665
	2 nd Dose	6,70,70,239
Total		1,06,85,71,879

The recovery of **15,021** patients in the last 24 hours has increased the cumulative tally of recovered patients (since the beginning of the pandemic) to **3,36,83,581**.

Consequently, India's recovery rate stands at **98.21%**

Sustained and collaborative efforts by the Centre and the States/UTs continue the trend of less than 50,000 Daily New Cases that is being reported for 128 consecutive days now.

10,423 new cases were reported in the last 24 hours

10K New Cases reported in last 24 hrs

The Active Caseload is presently at **1,53,776** is lowest in 250 days. Active cases presently constitute **0.45%** of the country's total Positive Cases, which is lowest since March 2020.

India's Active cases Trajectory

The testing capacity across the country continues to be expanded. The last 24 hours saw a total of 10,09,045 tests being conducted. India has so far conducted over **61.02 Cr (61,02,10,339)** cumulative tests.

While testing capacity has been enhanced across the country, **Weekly Positivity Rate at 1.16% remains less than 2% for the last 39 days now.** The **Daily Positivity rate reported to be 1.03%.** The daily Positivity rate has remained below 2% for last 29 days and below 3% for 64 consecutive days now.

Update on COVID-19 Vaccine Availability in States/UTs

More than 113 Crore vaccine doses provided to States/UTs

More than 13.76 Crore balance and unutilized vaccine doses still available with States/UTs

The Union Government is committed to accelerating the pace and expanding the scope of COVID-19 vaccination throughout the country. The new phase of universalization of COVID-19 vaccination commenced from 21st June 2021. The vaccination drive has been ramped up through availability of more vaccines, advance visibility of vaccine availability to States and UTs for enabling better planning by them, and streamlining the vaccine supply chain.

As part of the nationwide vaccination drive, Government of India has been supporting the States and UTs by providing them COVID Vaccines free of cost. In the new phase of the universalization of the COVID19 vaccination drive, the Union Government will procure and supply (free of cost) 75% of the vaccines being produced by the vaccinemanufacturers in the country to States and UTs.

VACCINE DOSES	(As on 28th October 2021)
SUPPLIED	1,13,37,12,145

BALANCE AVAILABLE

13,76,86,371

More than **113 crore(1,13,37,12,145)** vaccine doses have been provided to States/UTs so far through Govt of India (free of cost channel) and through direct state procurement category.

More than **13.76 Cr (13,76,86,371)** balance and unutilized COVID Vaccine doses are still available with the States/UTs to be administered.
