**Press Information Bureau
Ministry of Information & Broadcasting
Government of India**

India's Cumulative COVID-19 Vaccination Coverage exceeds 192.38 Cr

Over 3.28 Cr 1st dose vaccines administered for age group 12-14 years

India's Active caseload currently stands at 14,832

2,022 new cases reported in the last 24 hours

Recovery Rate currently stands at 98.75%

Weekly Positivity Rate is presently at 0.49%

India's COVID-19 vaccination coverage has exceeded **192.38 Cr (1,92,38,45,615)** as per provisional report till 7 am today. This has been achieved through 2,42,38,619 sessions.

COVID-19 vaccination for the age group 12-14 years was started on 16 March, 2022. So far, more than 3.28 Cr **(3,28,98,570)** adolescents have been administered with the first dose of COVID-19 vaccine. Similarly, the COVID-19 precaution dose administration for age group 18-59 years also started from 10th April, 2022 onwards.

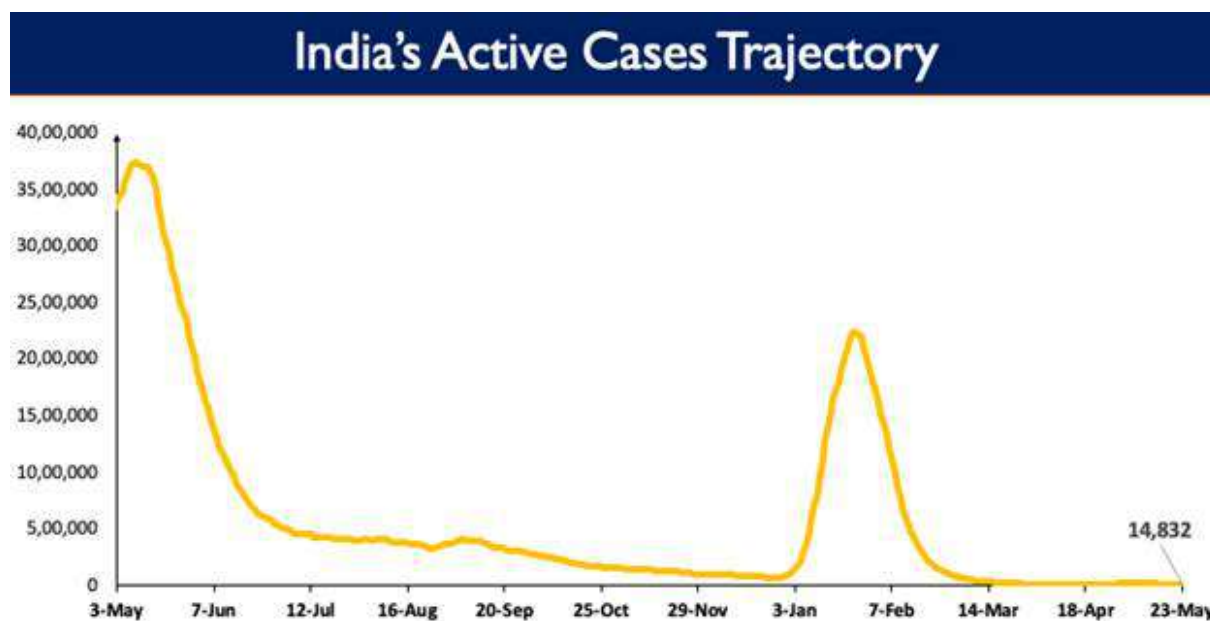

The break-up of the cumulative figure as per the provisional report till 7 am today include:

Cumulative Vaccine Dose Coverage		
HCWs	1 st Dose	1,04,06,543
	2 nd Dose	1,00,34,725
	Precaution Dose	51,20,932
FLWs	1 st Dose	1,84,18,286
	2 nd Dose	1,75,74,512
	Precaution Dose	84,21,873
Age Group 12-14 years	1 st Dose	3,28,98,570
	2 nd Dose	1,42,09,586
Age Group 15-18 years	1 st Dose	5,91,96,768
	2 nd Dose	4,48,68,847
Age Group 18-44 years	1 st Dose	55,68,61,124
	2 nd Dose	48,74,05,133
	Precaution Dose	5,99,690
Age Group 45-59 years	1 st Dose	20,31,97,206
	2 nd Dose	19,02,51,150
	Precaution Dose	11,84,982
Over 60 years	1 st Dose	12,70,54,233

	2 nd Dose	11,86,19,321
	Precaution Dose	1,75,22,134
Precaution Dose		3,28,49,611
Total		1,92,38,45,615

India's Active Caseload currently stands at **14,832**. Active cases now constitute **0.03%** of the country's total Positive Cases.

Consequently, India's recovery rate stands at **98.75%**. **2,099** patients have recovered in the last 24 hours and the cumulative tally of recovered patients (since the beginning of the pandemic) is now at **4,25,99,102**.

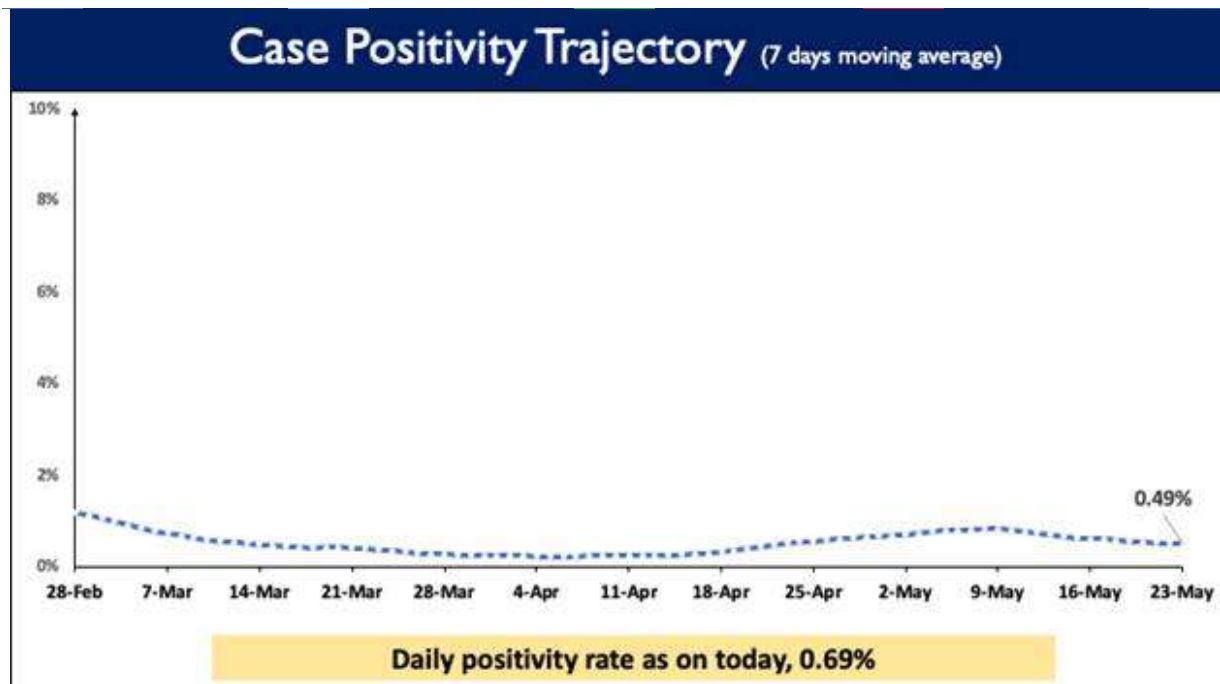

2,022 new cases were reported in the last 24 hours.

The last 24 hours saw a total of **2,94,812** COVID-19 tests being conducted. India has so far conducted over **84.70 Cr (84,70,92,226)** cumulative tests.

Weekly Positivity Rate in the country currently **stands at 0.49%** and the **Daily Positivity rate** is reported to be **0.69%**.

Update on COVID-19 Vaccine Availability in States/UTs

More than 193.53 Crore vaccine doses provided to States/UTs

More than 16.46 Crore balance and unutilized vaccine doses still available with States/UTs

The Union Government is committed to accelerating the pace and expanding the scope of COVID-19 vaccination throughout the country. The nationwide COVID 19 vaccination started on 16th January 2021. The new phase of universalization of COVID-19 vaccination commenced from 21st June 2021. The vaccination drive has been ramped up through availability of more vaccines, advance visibility of vaccine availability to States and UTs for enabling better planning by them, and streamlining the vaccine supply chain.

As part of the nationwide vaccination drive, Government of India has been supporting the States and UTs by providing them COVID Vaccines free of cost. In the new phase of the universalization of the COVID19 vaccination drive, the Union Government will procure and supply (free of cost) 75% of the vaccines being produced by the vaccine manufacturers in the country to States and UTs.

VACCINE DOSES	(As on 23rd May 2022)
SUPPLIED	1,93,53,58,865

BALANCE AVAILABLE	16,46,70,800
-------------------	--------------

More than **193.53 crore (1,93,53,58,865)** vaccine doses have been provided to States/UTs so far through Govt. of India (free of cost channel) and through direct state procurement category.

More than **16.46 Cr (16,46,70,800)** balance and unutilized COVID Vaccine doses are still available with the States/UTs to be administered.

<https://www.pib.gov.in/PressReleasePage.aspx?PRID=1826794>

Health Ministry flags Considerable Decline in COVID19 Vaccination in some States/UTs

Two months long “Har Ghar Dastak 2.0” to begin in June to Accelerate pace of Covid Vaccination Coverage and Saturate all Eligible Beneficiaries

Vaccination Centres or State Govt must Not Insist on any Document of Foreign Travel for Precaution Dose for such beneficiaries

States/UTs urged to prevent COVID19 Vaccine Wastage; Follow “First Expiry First Out” principle

The Union Health Ministry has flagged concerns regarding the considerably slow pace of COVID19 vaccination across States and UTs, and has urged them to significantly expedite the pace towards full vaccination coverage by saturating all eligible beneficiaries. This was communicated to all States and UTs by Shri Rajesh Bhushan, Union Health Secretary as he reviewed the status of COVID vaccination with Health Secretaries and NHM MDs of States and UTs, through a video conference (VC) today.

Highlighting the urgent need for an intensive 'Mission Mode' push to COVID19 vaccination across the country to accelerate the recent placid momentum, Union Health Secretary has advised them to plan for a two-month long "Har GharDastak" campaign 2.0, during June-July, with detailed district, block and village levels plans. They were also urged to review administration of precaution dose to 18-59 years age-group with the private hospitals on a regular basis.

Update on COVID-19 Vaccine Availability in States/UTs

More than 193.53 Crore vaccine doses provided to States/UTs

than 17.25 Cro

ance and until

vaccine doses sti

lable with State

The Union Government is committed to accelerating the pace and expanding the scope of COVID-19 vaccination throughout the country. The nationwide COVID 19 vaccination started on 16th January 2021. The new phase of universalization of COVID-19 vaccination commenced from 21st June 2021. The vaccination drive has been ramped up through availability of more vaccines, advance visibility of vaccine availability to States and UTs for enabling better planning by them, and streamlining the vaccine supply chain.

As part of the nationwide vaccination drive, Government of India has been supporting the States and UTs by providing them COVID Vaccines free of cost. In the new phase of the universalization of the COVID19 vaccination drive, the Union Government will procure and supply (free of cost) 75% of the vaccines being produced by the vaccine manufacturers in the country to States and UTs.

VACCINE DOSES	(As on 17 th May 2022)
SUPPLIED	1,93,53,58,865
BALANCE AVAILABLE	17,25,22,280

More than **193.53 crore (1,93,53,58,865)** vaccine doses have been provided to States/UTs so far through Govt. of India (free of cost channel) and through direct state procurement category.

More than **17.25 Cr (17,25,22,280)** balance and unutilized COVID Vaccine doses are still available with the States/UTs to be administered.

Update on COVID-19 Vaccine Availability in States/UTs

More than 193.53 Crore vaccine doses provided to States/UTs

More than 18.15 Crore balance and unutilized vaccine doses still available with States/UTs

The Union Government is committed to accelerating the pace and expanding the scope of COVID-19 vaccination throughout the country. The nationwide COVID 19 vaccination started on 16th January 2021. The new phase of universalization of COVID-19 vaccination commenced from 21st June 2021. The vaccination drive has been ramped up through availability of more vaccines, advance visibility of vaccine availability to States and UTs for enabling better planning by them, and streamlining the vaccine supply chain.

As part of the nationwide vaccination drive, Government of India has been supporting the States and UTs by providing them COVID Vaccines free of cost. In the new phase of the universalization of the COVID19 vaccination drive, the Union Government will procure and supply (free of cost) 75% of the vaccines being produced by the vaccine manufacturers in the country to States and UTs.

VACCINE DOSES	(As on 10 th May 2022)
SUPPLIED	1,93,53,58,865
BALANCE AVAILABLE	18,15,94,995

More than **193.53 crore (1,93,53,58,865)** vaccine doses have been provided to States/UTs so far through Govt. of India (free of cost channel) and through direct state procurement category.

More than **18.15 Cr (18,15,94,995)** balance and unutilized COVID Vaccine doses are still available with the States/UTs to be administered.

CoWIN: Myths Vs Facts

CoWIN has successfully served as the Digital Backbone for India's COVID-19 Vaccination Programme

CoWIN has a robust Grievance Management System with 'Raise an Issue' feature

There have been some media reports alleging that technical glitches in CoWIN have resulted in two certificates being issued to 2.5 lakh beneficiaries in Pune district for taking first dose of COVID vaccine.

CoWIN has successfully served as the digital backbone for India's COVID-19 vaccination programme. It has enabled the administration of over 190 crore doses of COVID-19 vaccination for over 100 crore residents in India that are registered on the platform. Such scale has been achieved without a single day of down-time.

The platform takes pride in its simplicity and ease of use. For registration on the platform, the beneficiary is provided three media – walk-in (offline), online portal and assisted through helplines and CSCs (Common Services Centres). An individual only needs to provide their mobile number for registration, along with minimal inputs in name, age (Year of Birth) and gender for scheduling an appointment for vaccination or availing a vaccine at walk-in. As a proof of identity, an option to choose from 9 photo identity proofs has been accorded.

Update on COVID-19 Vaccine Availability in States/UTs

More than 193.53 Crore vaccine doses provided to States/UTs

More than 18.96 Crore balance and unutilized vaccine doses still available with States/UTs

The Union Government is committed to accelerating the pace and expanding the scope of COVID-19 vaccination throughout the country. The nationwide COVID 19 vaccination started on 16th January 2021. The new phase of universalization of COVID-19 vaccination commenced from 21st June 2021. The vaccination drive has been ramped up through availability of more vaccines, advance visibility of vaccine availability to States and UTs for enabling better planning by them, and streamlining the vaccine supply chain.

As part of the nationwide vaccination drive, Government of India has been supporting the States and UTs by providing them COVID Vaccines free of cost. In the new phase of the universalization of the COVID19 vaccination drive, the Union Government will procure and supply (free of cost) 75% of the vaccines being produced by the vaccine manufacturers in the country to States and UTs.

VACCINE DOSES	(As on 4 th May 2022)
SUPPLIED	1,93,53,58,865
BALANCE AVAILABLE	18,96,04,825

More than **193.53 crore (1,93,53,58,865)** vaccine doses have been provided to States/UTs so far through Govt. of India (free of cost channel) and through direct state procurement category.

More than **18.96 Cr (18,96,04,825)** balance and unutilized COVID Vaccine doses are still available with the States/UTs to be administered.
